JEWS ACCEPT APPEAL BY UN TO HALT FIRING

New State of Israel Favors Unconditional Compliance; Arabs Conferring.

By The Associated Press

LAKE SUCCESS, June 1—The State of Israel announced today it had accepted the United Nations appeal for a Palestine cease-fire.

A spokesman for Israel described the acceptance as unconditional. He said, however, the communication from Tel Aviv contained a Jewish interpretation as to what Israel understood the cease-fire to mean.

The deadline for replies from the Jews and Arabs is 6 p. m., eastern standard time, today. Arab League leaders were meeting at Ammon, Trans-Jordan, to decide on their course.

The Israeli spokesman said:

"Our acceptance is being communicated to the secretary-general of the United Nations as soon as possible. It is unconditional. It does contain our understanding of the terms of the 'cease-fire'."

The cease-fire appeal was voted by the security council last Saturday.

Jewish Airmen Bomb Arab Meeting Place

By The Associated Press

CAIRO, June 1—Jewish airmen bombed Amman, Trans-Jordan, a few hours before Arab league leaders met there today on a cease fire proposal for the Palestine war.

Dispatches from King Abdullah's little capital across the Jordan from Palestine said the bombing aroused bitterness. Observers there said the raids may have blasted away the faint hope of a United Nations truce.

The attack came as the Arab allies reported their troops and armor massing on a 40-mile front in an effort to throw a noose around Tel Aviv, the heart of Israel.

Six Arab Civilians Killed

The British announced in Haifa that an RAF field near Amman also was struck. Arab officials in Trans-Jordan said six Arab civilians, including two children, were killed. The British put the total dead at 12, and the wounded at 30. Officials in Amman said only one plane was sighted in each of four runs over Amman. The last just at dawn. They said about 10 bombs, some of them incendiaries, were dropped, but that the only property damage was to a building housing a worker's family. The British said several grounded aircraft at the field were damaged.

Tel Aviv has been the target for Egyptian attacks from the air virtually every day since May 16. One such attack wrecked a bus terminal with a heavy loss of life.

Die In Bus Terminal Wreck

Indications in Cairo had been that the Arabs would accept a four-week truce plan of the Security council only on condition the Jews would repudiate their new state of Israel. The Jews have given every indication they would resist such a demand.

While the political leaders talked, there was no sign of a letup in the fighting. Official word from both sides indicated a major battle is brewing along a winding 40-mile front from Jerusalem northwest to Tulkarm, an inland city in Arab territory, equidistant from Haifa and Tel Aviv.

CONTINUE CEMETERY RELOCATION HEARING

By The Associated Press

COLUMBUS, O., June 1— A federal court hearing on any objections to removal of bodies from three cemeteries which will be flooded by the new Delaware dam was continued to June 11 today.

The cemeteries, located in Troy and Marlborough townships of Delaware county, are Peres Dix, with six bodies; Marlborough, with 1,485; and Mayfield, with 175. The bodies are to be reburied in new sites outside the area of the lake to be formed when the dam is closed. It is all but finished now.

The Wyatt cemetery in Marion county, with 31 bodies, also is in the flood zone but outside the jurisdiction of the Columbus federal court.

Lost As Squall Hits At Hampton Roads

By The Associated Press

NORFOLK, Va., June 1 — Twenty-two men—nine Marines and 13 Navy men—perished in Hampton Roads last night when a navy launch swamped in choppy waters while returning 90 men to their ship after Memorial day liberty.

Rear Admiral C. A. F. Sprague, commander of a 12-ship task force whose sailing for the Mediterranean was delayed by the tragedy, issued this statement to newsmen at 9 a. m. today from his flag ship, the aircraft carrier Kearsarge:

"Preliminary report of loss of life or missing personnel may be placed at 22, nine Marines and 13 Navy.

"Report considered accurate and includes best estimate of possible stragglers" (men absent over leave).

"Further checking now in progress."

Swamped in Storm

The 50-foot open launch was swamped in a wind and rain storm at 8:45 p. m. as it was returning a liberty party to the Kearsarge, anchored two miles off the Norfolk naval station. The launch, which was attached to the carrier, was swamped when only 200 yards off the Kearsarge's port beam.

At 2 a. m. today all naval tugs and small craft that had been searching the area were withdrawn, leaving two Coast Guard ships to continue the search.

The launch was a 50 foot open vessel.

Sprague, replying to newsmen's requests for permission to board the Kearsarge to interview survivors, said he did not know whether it would be possible.

Sailing of the task force was delayed indefinitely after the accident and its ships were placed on four hour sailing notice.

Muster Incomplete

A special muster of the Kearsarge's complement was still in progress at 7:30 a. m. Even such a muster will be inconclusive, however, as a number of men normally are absent over leave when naval ships sail for extensive duty in foreign waters.

The Kearsarge, with three cruisers, seven destroyers and a transport, was scheduled to sail at 5 a. m. today for the Mediterrancan to relieve a similar force which has been on duty in that area since last winter.

A motor launch returning a liberty party from Hyeres, France, to the carrier Midway on Feb. 16 was swamped. In this accident an officer, a Marine and six seamen were lost; 53 survived.

LEWIS REPLIES TO NLRB SUIT

Terms Southern Association "Hostile;" Action's Dismissal Asked.

By The Associated Press

WASHINGTON, June 1—John L. Lewis argued today that he is not required to bargain with the "hostile, arbitrary" Southern Coal Producers association.

This was his reply to the government's motion for a Taft-Hartley act injunction to compel his United Mine Workers to seek a contract with the association.

Lewis' lawyers filed a motion to dismiss the injunction suit brought by Robert N. Denham, general counsel of the national labor relations board.

The Taft-Hartley law requires unions and employers to bargain in good faith with each other's chosen representatives. Lewis has refused to bargain with the southern group on the ground it did not take part in previous contract talks, and national negotiations for a new soft coal contract have collapsed as a result.

The union, in moving to dismiss the suit, filed a long affidavit from Lewis himself attacking the southern group and explaining why he won't deal with it.

Points Emphasized

The union's lawyer, Welly K Hopkins, contended among other things that:

▶The Taft-Hartley section under which the injunction is sought violates the Constitution.

▶The law requires the five-man labor relations board itself to file such petitions and gives it no right to delegate the authority to Denman's office, or others.

The International Typographical Union made the same contentions in fighting against a Denman-sought injunction three months ago, but Federal Judge Luther M. Swygert ruled against the union on both counts. He granted an injunction requiring the ITU to cease certain practices pending a decision by the NLRB as to whether the practices violate the Taft-Hartley act.

Hopkins also said an injunction would impair the obligation of the parties to the 1947 soft coal agreement.

Concerning this, Lewis pointed out in his affidavit that the 1947 contract was worded differently from previous contracts and said it was deliberately written so as to exclude the Southern Coal Producers association.

Lewis said this association was created with the purpose "to thwart, delay, obstruct and prevent the making of contracts in true collective bargaining."

Blamed for Mine Seizures

He said the association's "hostile, arbitrary, recalcitrant, negative and adamant attitude," has been the cause of government seizure of the soft coal mines in 1943, 1945, and 1946.

He quoted the present contract as saying "it is hereby stipulated and agreed by all parties signatory hereto that they, and each of them, will attend any conference or conferences held under the terms of this agreement * * *"

The Southern association is not a signatory to that contract.

Lewis said the union is "perfectly willing" and always has been willing to meet with the actual producers of southern coal and their local associations which signed the 1947 contract.

He said they will meet with any individual that these signatories certify as their agent, and that includes Joseph E. Moody president of the Southern Coal Producers association, if he is chosen by the signatories.

A majority of stores in the Marion downtown business district go on summer scheduled starting tomorrow, closing Wednesday afternoons.

The summer afternoon closing will continue during June, July and August. Stores will be open in the morning at 9 a. m. closing at noon.

NAB RED LEADER, FACES DEPORTATION

By The Associated Press

WASHINGTON, June 1—The Justice department today announced the arrest for deportation of Jacob Abraham Stachel, national director of education for the American Communist party.

The department said Stachel was picked up by immigration agents in front of his residence at 203 West 94th street, New York City, this morning. He was removed to Ellis island to await deportation proceedings.

Stachel is accused of illegally entering this country and of joining a subversive organization after his entry.

The department said Stachel is a member of the Communist party's national committee, and of the Communist national board as well as the party's education director. At one time he was on the editorial board of the Daily Worker.

Stachel is a native of Austria-Hungary, is 49 years old and first entered the United States in 1911, the department said. He is married and has one child.

The warrant against him says he last entered the United States at an unknown port in November, 1931, when he came in without the required immigration visa.

The department's announcement said the arrest was "in line with Attorney General Tom C. Clark's policy to remove subversive agents from the United States."

SAFES CRACKED IN LIMA

By The Associated Press

LIMA, O., June 1—Safecrackers took $3,250 in cash and goods out of Lima over the weekend. The Ohio bar reported the biggest loss, $1,800 to $2,200 in cash, plus some liquor. Others victims were the Eagles' clubroom, the Consolidated Motor Co., and the Myers carry-out wine and beer store.

HOLIDAY DEATH TOLL OVER 400

More Than Half Die in Auto Accidents; 21 Dead in Ohio Mishaps.

The nation's holiday death toll hit the 404 mark, according to Associated Press reports today.

Traffic accidents were the cause of more than half of the rising totals of killed and injured, as the accuracy of the prediction of the National Safety Council that 225 would die in traffic accidents over the holiday became apparent.

Twenty-one persons died in Ohio accidents; fifteen on Sunday and six on Monday. Twelve died in auto fatalities, three from drowning, and six from other causes.

Local police and highway patrolmen reported four injured in six accidents here yesterday.

Nation's Death Toll Hits 404 for Holiday

By The Associated Press

The nation's death toll from violent accidents over the extended Memorial day holiday reached 404 today. Traffic accidents, as usual at a holiday period, caused more than half of the fatalities.

This figure does not include the unknown number dead in the Vanport, Ore., flood.

The toll compared to 504 violent deaths over the three-day 1947 Memorial Day holiday and to 292 over a similar period in 1946. Last year's big total was boosted considerably because of two serious airline crashes in which 95 persons were killed and tornadoes in Arkansas and Oklahoma which took the lives of 43.

An estimated 30,000,000 automobiles were on the country's highways over the three-day holiday period and more than 200 persons were killed in traffic mishaps. Of the 378 violent deaths, 203 died in motor accidents; 70 persons drowned, and 105 others lost their lives in accidents of miscellaneous nature — including plane crashes, fires, falls and other causes.

The national safety council had estimated that unless caution was exercised by motorists 225 persons would be killed in traffic accidents Saturday, Sunday and Monday.

3 U.S. WOMEN GOLFERS IN BRITISH QUARTER FINALS

By The Associated Press

ST. ANNE'S-ON-THE-SEA, ENGLAND, June 1—Louise Suggs, present U.S. golf queen; Dorothy Kielty of Los Angeles and Dorothy Kirby, from Miss Suggs' hometown of Atlanta, all gained the quarter final round of the British women's amateur golf tourney today.

The day's play cut exactly in half the U.S forces which started the third round this morning.

Only casualty of the afternoon's fourth round was Mrs. Glenna Collett Vare of Philadelphia, six-time U.S. champion, who lost to Mrs Helen Holm of Scotland, 5 and 3.

Miss Suggs defeated Mrs. G E. C. Rudcard of Scotland, 3 and 2; Miss Kirby downed Peggy Smeaton of England, 6 and 5; and Miss Kielty staged a rousing comeback to beat Mrs. Gabriel Style of England, 1 up in 18 holes.

KILLED NEAR LIMA

By The Associated Press

LIMA, O., June 1—Mrs. Chloe Buck, 61, was killed and her husband Daniel Buck, 61, was injured seriously late yesterday in an automobile collision on U. S. 25 10 miles south of here. The occupants of the other car, Carl J. Smith, 41, his wife Frances, 37, and their 11-month-old daughter Florence also were hurt.

Fire and Police Chiefs Help Lay Foundation.

Official dignity was forgotten yesterday as Fire Chief Owen A. Sifritt and Police Chief William E. Marks, assisted by F. M. Mullins, of the Ohio theater staff, went to work on building the foundation for the "gift home" to be given to the Reichert sisters, victims of a fire which destroyed their humble dwelling on North State street.

The three-man crew dug footing trenches, set forms, and laid out the foundation for the house all in one day yesterday. Chief Sifritt said today, "we have started construction because of the urgent need of the sisters for a home, despite the fact that all appeals have not produced either enough funds or materials needed for the building. Our greatest need is for money for more brick and concrete block for the foundation and chimney of the building. Any concrete block tile, half block, brick, brick bats, sand, cement, stone or concrete which anyone can and will donate surely will be welcomed."

All other needs of the house have been met by donations of public spirited citizens of Marion and vicinity.

MASS REMOVAL OUT OF DANGER AREA ORDERED

Lower Columbia River Section Now Menaced; Vanport Toll Still Unknown.

By The Associated Press

PORTLAND, Ore., June 1— Mass evacuations began today as the flood-swollen Columbia river brought new peril today to a 120-mile section at the lower end of the stream.

The river, which already had caused the Pacific's Northwest's greatest disaster, threatened to flood hundreds of farms and many small cities in the area, nearly all of which is downstream from Portland.

Army engineers ordered the evacuation of the thousands of residents of the 43 drainage districts area, but said many of them already had run for higher ground.

The Portland housing authority estimated at $37,000,000 the loss suffered by the war-housing city of Vanport, which was crumbled Sunday. That was the only flood loss estimate available, although before the Vanport disaster, Army engineers had predicted a loss of $30,000,000 to farms and houses, and the valuable topsoil being swept to sea.

The river, second largest in the nation in amount of water discharged, is at flood stage for 750 miles. The crest will reach the Portland area tonight or tomorrow.

Part of Portland's downtown area, including the Union station, was under water today after the Williamette river topped the seawall. The station is Portland's only railroad depot, and trains were unable to use it.

More Dikes Burst

In north Portland, where more than 18,000 persons were left homeless in Sunday's Vanport disaster, the flooded area was tripled by the bursting of two more dikes. On top of these two dikes were the approaches to the Pacific highway, principal north-south route.

The breaking of these dikes left square miles under water, with houses from Vanport pouring through both gaps. Some of them turned end-over-end, and all hope of salvaging these was lost.

No bodies have been recovered from Vanport disaster. The rail fill was constructed 40 years ago. Commenting on the fate of what once was Oregon's second largest city, Portland housing authority announced the agency "feels, terribly bad that lives possibly were lost, but all you can do is depend on the advice of competent engineers."

Survivors are scattered in thousands of homes throughout the city, in schools and churches. Most of the separated families are getting together. But the Red Cross has not issued an estimate of the missing.

Chief Danger Spots

The major threats downstream from Portland were at Clatskanie, Rainier, Woodland, Kelso, Longview and Kalama. Those areas, where much of the population is being moved out by Army engineers, National Guardsmen and civilian agencies, are like vast swamplands.

In British Columbia, military authorities were given power to conscript citizens and requisition transport to fight the disastrous Fraser river flood. Four thousand Canadian soldiers are in the area.

A gasoline tank containing 100,000 gallons fell into the Columbia river at Umatilla. But Army engineers discounted the danger of fire asserting the gasoline was being mixed well with the flood waters.

Railroad service and telephone communications north of Portland were broken at the Columbia. Trains operating south were unable to use the Union station. Airlines had to abandon their Portland bases because the Portland airport was under water, forcing them to move to nearby Salem and McMinnville.

The Northwest was faced with a power shortage as Bonneville dam was compelled to drop its production 50 per cent. Grand Coulee Dam's power output was down ten per cent. Customers were asked to curb their use of electricity.

The Red Cross estimated that 45,000 persons already have been "severely affected" by the foods in the Columbia basin—and the total is expected to mount rapidly when the crest hits the downstream lowlands. It said 10,000 homes have been destroyed or damaged.

Army engineers said that flood waters were receding upstream on the Columbia, "easing things considerably."

But at Bonners Ferry, Idaho, where the Kootenai was falling slightly, flood water still stood two feet deep in the business

PRIMARIES HELD IN TWO STATES

California, S. Dakota Selecting Delegates to National Conventions Today.

By The United Press

California and South Dakota voters go to the polls today to select delegates to the Republican and Democratic national conventions and nominate party candidates for congress.

A light vote was forecast in California's primary. Republicans there will name 53 convention delegates, all of whom will be pledged to the favorite-son presidential candidacy of Gov. Earl Warren. Democrats will pick 62 delegates from a field pledged to President Truman.

Twenty-one of California's 23 incumbent congressmen are seeking renomination. Most incumbents are favored because of the record number of total contestants — 108 — and the expectations of a light vote.

GOP Slate Unopposed

In South Dakota the regular Republican slate of 11 convention delegates is unopposed and hence will not appear on the ballot. It is expected to support Harold E. Stassen for the GOP presidential nomination.

South Dakota Democrats, however, will have a two-way contest in picking their eight convention delegates. The regular party slate pledged to Mr. Truman is opposed by an uninstructed ticket headed by former party leaders.

Rev. Karl E. Mundt, (RSD), is seeking his party's nomination to the senate seat of retiring Sen. Harlan J. Bushfield. He is favored to win over Otto B. Linstad of Pierre.

The hottest contest in the state is the four-way race for the Republican nomination in Mundt's congressional district. The issue will go to the state convention if no candidate gets 35 per cent of the vote.

Indiana Yet To Choose

Today's California and South Dakota primaries will nearly complete selection of the 1,094 delegates to the Republican convention which begins in Philadelphia 20 days hence. The one remaining delegation—Indiana's 29 — will be picked June 11 at a state GOP convention.

Truman Trip — The White House was completing arrangements for the western speaking tour that Mr. Truman will begin Thursday night. He will make at least five major addresses on his first cross-country train trip since taking office. Chairman Carroll Reece of the Republican national committee, ridiculed the "non-political" description given the tour. He said it would be as "non-political as the Pendergast machine." Mr. Truman, said Reece, obviously wants to "bolster the waning prospects of his party and of his own candidacy."

'Old South' Theme Carried Out For Junior-Senior Class Prom

The theme of "The Old South" was carried out for the traditional junior-senior prom of Harding High school held Monday night at the Hy-Way Rollarena on Harding Highway East just east of the city. As in former years, the prom was a highlight of the school's social activities honoring the seniors prior to their graduation.

Approximately 100 couples danced from 9 to 12 o'clock to music by Allan Abel and his orchestra of Columbus.

The entrance to the dance floor was an archway and gate covered with flowers, creating a garden entrance effect, and a weeping willow effect was formed for the ceiling with tree branches and pastel shades of crepe paper. Bouquets of flowers decorated the room and the curtain backdrop for the bandstand was bedecked with flowers. All this provided an attractive background for the colorful dresses worn by the young ladies.

Faculty Attends

Members of the school faculty were present for the affair, and parents of the students and members of the board of education were invited guests.

The grand march was led by Jim Coss, president of the senior class, and Miss Claire Koeppen, who is vice president of the senior class, and Roger Pendelton, president of the junior class, and Miss Dorothy Tsumpes.

During the intermission, a program was presented by pupils of the school. Miss Billie Ann Baldauf played the "Sabre Dance" on the piano, Miss Roxanna Pauling presented two mimic sketches including Spike Jones' arrangement of "Chloe" and "Bubble Gum," and the boys' quartet, composed of Jim Coss, Jim Hill, Bob Ralston and Jack Hoffman, sang "'Hi Away Home" and "Street Urchin's Medley."

Faculty Committee

Faculty members in charge of the prom were R. C. Dunlap, advisor, and Marion Chase, assistant advisor. Students making up the various committees were John Isaly, general chairman of the prom, Dick Thomas, Miss Helen Moore, Miss Marilyn Fields, Miss Irma Morse, Miss Gloria Reams, Jim F. Williams, Dick Clark, Miss Joan Ault, Miss Nancy Pennisten, Miss Nancy Nussbaum, Roger Andrews, Ray Phillians, Carl Porter, Tom Taylor, Calvin Roest, Charles Pensinger, Jack L. Williams, Miss Margene Heisel, Miss Dorothy Clunk and Garry Harruff.

Grand Prairie Society Plans for Guest Night

Plans were made for the observance of guest night July 1 at the home of Mrs. Erma Myers on the Wyandot road, at a meeting of the Missionary society of the Grand Prairie Bautist church, recently. Hostess for the meeting was Mrs. Virginia Foos of the Bosley road. Mrs. Clarence Albin presided for the installation of officers in a candlelight service and for roll call the members gave Scripture verses. Plans were discussed for a gift to be displayed at the house party to be held at Granville this month. Mrs. Richard Brooks was in charge of a program which included readings by a group of the members. Letters were read from families in Germany for gifts sent through CARE. Mrs. Albin contributed special music and the meeting closed with prayer by Mrs. John Bibler. Mrs. Foos was complimented with a handkerchief shower in honor of her birthday anniversary. Refreshments were served by the hostess assisted by Mrs. Edithe Van Meter.

"Isms" Decried By Speaker at Upper

Special to The Star

UPPER SANDUSKY, June 1—"We want no foreign 'isms here," said L. Rahmann, Celina High school instructor and athletic coach, speaking to a large crowd gathered for the annual Memorial day ceremony at Old Mission cemetery in Upper Sandusky Sunday.

Dr. Rahmann paid tribute to the members of all American armed forces who have given their lives in defense of the flag, a symbol of the people, the American way of life, and of the contitution.

A certain amount of bullheadness is a good thing, continued the speaker, and he urged every citizen to be very determined in defending our type of government instituted to protect the rights of every individual. This same constitution, which Dr. Rahmann asked his hearers to read or reread, gives us all the rights of citizens, a respected position, and a protected status anywhere in the world, he pointed out.

The ceremony at the grave of the unknown soldier was conducted by Upper Sandusky posts of the American Legion and the Veterans of Foreign Wars. F. K. Cassel, attorney, Wyandot county assemblyman, was officer of the day.

KENTON METHODIST PASTOR GETS LEAVE

Trustees Elected to Board of Ohio Wesleyan University.

By The Associated Press

COLUMBUS, O., June 1—The Ohio annual conference of the Methodist church was scheduled to adjourn today following announcement of ministerial appointments.

Retirement of eight ministers was approved last night, and five others were given a year's sabbatical leave.

Revs. George Heizer of Columbus; Joseph A. Bretz of Adelphia, N. C. Cochran of Kenova, W. Va., H. H. Lafferty of Jacksonville, Elmer C. Rossner of Athens and George W. Whyman of Napoleon were retired because they reached the retirement age of 72.

Retired because of ill health were Revs. L. R. Foltz of Gilboa and L. D. Phipps of Waterford.

Sabbaticals went to Revs. James F. Lorentz of Columbus, Wellington S. Mowery of Gettysburg, Harold W. Ruopp of Kenton, Henry W. Stoody of Marietta and Paul Rugg, now with the board of missions in New York.

Various university trustees also were selected. Named to the Ohio Wesleyan board were Dr. F. Gerald Ensley of Columbus (three-year term) and Dr. D. Finley Wood of Worthington (five years); to the Mt. Union board was Frank D. Slutz, Dayton layman (three years), while Walter E. Huenefeld, Cincinnati layman, was named to the Baldwin-Wallace board (three years).

White Cross hospital trustees reappointed to five year terms included Dr. J. Ira Jones of Lima.

LIONS INSTLL OFFICERS

UPPER SANDUSKY — New officers to be installed at the June 14 meeting of the Lions club here are Paul Cline, president; Laureno Ingalsbe, first vice president; Kenneth Kinley, second vice president; R. E. Blue, third vice president; Earl Shaffer, secretary; S. J. Napoli, treasurer.

COLUMBUS, O., June 1—The Ohio annual conference of the Methodist church was scheduled to adjourn today following announcement of ministerial appointments.

Retirement of eight ministers was approved last night, and five others were given a year's sabbatical leave.

Revs. George Heizer of Columbus; Joseph A. Bretz of Adelphia, N. C. Cochran of Kenova, W. Va., H. H. Lafferty of Jacksonville, Elmer C. Rossner of Athens and George W. Whyman of Napoleon were retired because they reached the retirement age of 72.

Retired because of ill health were Revs. L. R. Foltz of Gilboa and L. D. Phipps of Waterford.

Sabbaticals went to Revs. James F. Lorentz of Columbus, Wellington S. Mowery of Gettysburg, Harold W. Ruopp of Kenton, Henry W. Stoody of Marietta and Paul Rugg, now with the board of missions in New York.

Various university trustees also were selected. Named to the Ohio Wesleyan board were Dr. F. Gerald Ensley of Columbus (three-year term) and Dr. D. Finley Wood of Worthington (five years); to the Mt. Union board was Frank D. Slutz, Dayton layman (three years), while Walter E. Huenefeld, Cincinnati layman, was named to the Baldwin-Wallace board (three years).

White Cross hospital trustees reappointed to five year terms included Dr. J. Ira Jones of Lima.

LIONS INSTLL OFFICERS

UPPER SANDUSKY — New officers to be installed at the June 14 meeting of the Lions club here are Paul Cline, president; Laureno Ingalsbe, first vice president; Kenneth Kinley, second vice president; R. E. Blue, third vice president; Earl Shaffer, secretary; S. J. Napoli, treasurer.

SHARES ALUMNI HONORS

MT. GILEAD — Mrs. Edith Blythe Wiseman, who moved last year to Mt. Gilead from Joliet, Ill., was one of the six of 11 living Bucyrus High school graduates of 50 years ago to occupy the platform with the 100 this-year graduates at the Bucyrus commencement last Friday.

Gives Crestline Address On Freedom, Sacrifice

Special to The Star

CRESTLINE, June 1 — With his subject "Sacrifices of Freedom" Rev. Vincent Herman, assistant pastor of St. Joseph's Catholic church paid tribute to the war dead as the principal speaker when Memorial day services were held at Greenlawn cemetery Sunday under auspices of the Veterans of Foreign Wars. Respects were paid Gold Star Mothers by Joseph Rice, parade patrolman. Remarks were made by Edward Laughbaum, head of the VFW, and by Harvey Whipple, Legion post commander, also by Mayor A. P. Sonner. Among others taking part were Paul [illegible] chaplain of VFW, Tommy Long, who gave the Gettysburg address and by Roy Payne. The firing squad gave the salute to the dead, and taps were sounded by members of the high school band. The services followed a parade in which various patriotic bodies participated.

400 ATTEND LODGE MEMORIAL SERVICE

Annual Sunrise Service Held at Harding Tomb.

More than 400 members and guests were present for the annual sunrise meeting of Marion Lodge No. 70, F. and A. M., which was held yesterday morning at the Masonic temple starting at 4 a. m.

The master Mason degree was conferred on a candidate by the officers of the lodge, with Harry C. Williams, master, presiding. Later a memorial service was held for the 24 members of the lodge who had died during the past year. Rev. Howard L. Olecker gave the invocation for the service, the eulogy was given by Ralph E. Carhart, and William D. Busch closed the memorial service by singing "The Lord's Prayer".

On behalf of the Grand Lodge of Ohio, Raymond A. Younger of Celina, grand master, presented to H. Cliff Cass of Marion, a 50-year pin in recognition of his long membership in Marion lodge.

After a breakfast, served by the Eastern Star, the members marched to the Harding Memorial where wreaths were placed by Mr. Younger, for the Grand Lodge, Merle Buck, for Warren G. Harding Lodge No. 39, of Washington D. C., and Mr. Williams for the Masons of Marion.

The address at the Memorial was given by James B. Ruhl, of Cleveland, a past grand master of the Grand Lodge of Ohio and former Judge of the common pleas court of Cleveland. In his address Mr. Ruhl paid tribute to President Harding, stating that the Memorial was "a voluntary tribute by all the people to a beloved statesman who served with fidelity and always considered character, first."

Judge Ruhl who has visited all the homes and tombs of all the deceased presidents of the United States, said he believes the Harding tomb is the second most beautiful in the world, the first being Napoleon's in Paris.

The invocation at the memorial was given by Rev. E. C. Klutey and Harold L. Bradt sang "Beautiful Isle of Somewhere". The closing prayer was given by Mr. Younger.

Recognitions, Tributes Paid in Ashley Rites

Special to The Star

ASHLEY, June 1—The sacrifices of all veterans should be remembered not so much as wasted flesh and blood, but as of the spirit, which must carry on, Prof. Maurice Kidder of Ohio Wesleyan university said, in the Ashley Memorial day address Sunday. He spoke of the supreme sacrifice of a Man who lifted up the cross, from a thing that represented violence, hatred and death, to something to be revered.

Several hundred persons took part in the memorial parade, which, led by Edward Curren, ended at Union cemetery, where the firing salute was given, and taps were sounded by Harvey Warner.

The program for which Dr. Kidder was the speaker took place in the sechool auditorium. Seated on the flower-bedecked platform from left to right were Rev. H. L. Borden, Legion Commander Edwin Houser, Mrs. Verrelle Reid, Mrs. Mildred Welch, Mrs. Jessie Hinkle, and Mrs. Robbie Robertson. The commander recognized Mrs. Mary Joyce Rogers for program planning, Mrs. Maybelle Bureaw for her work with the band, and Robert Curran, Boy Scout leader.

Love's Perilous Path

By ADELE GARRISON

I SHIVERED as I saw my small daughter land on the pillow over her grandfather's "midriff," but either she had managed her jump expertly, or he had tensed his muscles beneath the pillow so that she did not jar him too much, for I saw no hint of pain in his eyes as they flew wide open, delighting Faith with his expression of amazement and anger.

"Ow, Wow, Police!" he bellowed, and I hid a smile as I imagined the effect his buffoonery would have upon his F.B.I. aides, and his humbler helpers, could they see their dignified "Chief" in this horseplay.

"Isn't there anybody to take this fiend away?" he demanded, while Faith giggled hysterically. "She's broken every bone in my body! I'll never be able to take a step again!"

"Oh, yes, you will, Granddad," Faith said between snickers. "I didn't jump hard, and you had a pillow over your tummy. And I'm not a fiend. I'm your own little granddaughter. Don't you know me?"

"Well, for the love of all my great uncles!" her grandfather exclaimed. "So it's you, is it? And I thought it was a foul fiend. But come here, young lady, and get your morning slippering. This isn't all one-sided you know."

I mentally commented that age had not much slowed his quickness and deftness of movement. With one hand he grabbed his granddaughter who was trying—but not very hard—to slide off the bed. With the other he caught up one of his bedroom slippers from the floor. Then he spread-eagled her across his lap—he was sitting up now—and pretended to belabor her viciously, although the blows would not have disturbed a sleeping baby, the while growling: "I guess that will teach you not to play any more tricks," and other objurgations, which I guessed delighted him as much as they did his giggling granddaughter, who was squealing realistically: "You're killing me," between the blows.

"Please!" I entreated them both. "Not quite so loud! These rooms are supposed to be sound proof, but there's a limit. You wouldn't want to have the manager come up, and protest, would you?"

"He wouldn't dare," Faith said serenely. "He knows that wherever Grandad is, he does just what he pleases, and nobody ever dares say a word, because he's such a highup big shot in the government, and everything that goes on around him is 'strictly hush-hush.'"

It is a rare occasion indeed, when my father shows discomposure, never, I know, outside the "bosom of his family," and seldom there. But I saw his jaw drop distinctly as he gazed in consternation at his small granddaughter.

"Where did you get those ideas?" he faltered at last. "Who told you those things?"

"I don't have to be told," she replied, not pertly, but in matter-of-fact tones. "I have eyes and I have ears. But," she added honestly, "Rod and Jun did say a lot of those things I said. They didn't say them to me, but I heard them."

Her eyes flew to mine, and then flashed away again, while her face crimsoned. Over her head her grandfather's anxious eyes and smile pleaded for leniency. But I knew that there were things I must say to my young daughter.

"You were eavesdropping, weren't you, Faith?" I asked her, trying not to be stern, but letting her know that I expected an answer.

"Yes, Mummy," she said shamefacedly, "but honest Injun, I didn't plan to, or mean to. I was just coming past their door one day, and I heard them talking not hush-hush, but quite loud, and—and I just couldn't make my feet go past the door."

Her grandfather's delighted laugh rang out, and I knew that I had no more chance of disciplining her myself. But I was not surprised to hear his voice the next second in sober address of his granddaughter.

"Faith," he said. "I am afraid I must ask you to listen very carefully to what I have to say, and to remember what I am going to tell you."

FIRE SWEEPS STOCKYARDS A six-square block area of the large livestock yards in South St. Paul, Minn., are swept by fire, sending up a huge smoke pall. About 88 cattle cars, 50 head of cattle, and a test barn were destroyed. The loading division was damaged heavily.

STOCKYARDS FIRE LOSS SET AT OVER $600,000

By The Associated Press

SOUTH ST. PAUL, Minn., June 1—Loss today was estimated at more than $600,000 in the prairie-like fire which razed a fifth of the stockyards area here Memorial day.

Three firemen were overcome by smoke as flames engulfed the tinder-dry sheds, corrals and stock chutes. Handlers freed 2,000 cattle into swampland along the Mississippi river but 50 head perished in the fast-moving wall of fire. None of the firemen was seriously hurt.

Heaviest loss, more than $400,000, came in destruction of 88 stock cars on tracks adjoining the yards. E. L. Hoppel, general livestock agent for the Northern Pacific railroad, said the cattle cars, owned by various lines, were valued at $5,000 apiece.

Green Camp Pastor Ordained in Columbus

Special to The Star

GREEN CAMP, June 1 — Rev. F. Melvin Wentz, D.D., pastor of the Green Camp and Mt Olive churches, has been received in full connection in the Methodist church after completing two years on trial in the Ohio conference.

Rev. Mr. Wentz was one of a class ordained as an elder in the church in services held Sunday in the Broad Street Methodist church Columbus.

The milk of sheep and goats was extensively used for drinking and for cheese in ancient Rome.

Orchid Party Awards Made at Green Camp

Special to The Star

GREEN CAMP, June 1—Mrs. Jacob Wasserbeck was given an orchid, sent from "Breakfast in Hollywood" as being the oldest young lady present at a party given by Green Camp Pythian Sisters last Friday in the school gymnasium. Mrs. J. B. Porter was given an orchid as the second oldest lady present.

Dr. Walter McClaskey was master of ceremonies. Mrs. Ethel Johnson, most excellent chief of the local temple, introduced Mrs. Mildred Kempton, general chairman, who led the group in community singing. Mrs. Kempton then turned the program over to Dr. McClaskey.

The prettiest hat award went to Mrs. Beeman of Mt. Vernon. The oldest hat award to Mrs. Sherm Imbody and another award to Mrs. Fulton. The wishing ring went to Mrs. Grace Disterdick, and a birthday cake to Robert Flach.

Following lunch, awards as good neighbors were presented Mrs. Marie Bensler of near Prospect and Mrs. Grace Disterdick. Mrs. Mary Thorpe played a piano solo. Three women present were mothers of five children, and the orchid went to Mrs. Virginia Sorreles, other awards to Mrs. Ethel Johnson and Mrs. Barber. The big cigar from California was given J. B. Porter as the oldest father present.

A silver offering received will be sent to the Tom Breneman company for the American Heart association.

PAINT HUGE WATER TANK

BUCYRUS, June 1—Construction painters from Chicago, completed work Saturday on painting the city's new 500,000 gallon water tank. Painters have been at work on the job for two weeks with only one interruption, a day lost last Monday after thieves climbed to the top of the tower and made away with the two 90-foot pieces of rope used by the men in their work. New ropes were purchased to complete the job.

Global Scene

By DeWitt Mackenzie

THE democracy of Czechoslovakia was wiped out in last Sunday's Communist-controlled election—a terrible warning to other countries which temporize with the Red ism.

This represented the final step in the Bolshevist conquest of the 30-year-old republic which now becomes to all intents a part of the Moscovite empire. Formal "admission" of Czechoslovakia into the Soviet Union may or may not follow in due course, but that makes small difference. The little nation is now under the Russian totalitarian dictatorship.

MACKENZIE

There was only the ticket of hand-picked national front candidates, so that the outcome was cut and dried. The sole way opposition could be shown was by casting blank ballots under scrutiny of Red watchers—a dangerous defiance.

Despite the risk, 770,701 citizens are said by the ministry of the interior to have cast these blanks. Another 806,041 voters didn't go to the polls or had their ballots declared invalid. Thus a total of at least 1,576,742 didn't vote. This represented about 20 per cent of those registered—8,005,887. The front received 6,429,145 votes.

A responsible diplomatic official in London said President Eduard Benes might resign soon owing to the "serious state of his health." There are many who believe this great patriot, who was co-founder of Czechoslovakia, is dying of a broken heart because of the enslavement of his country.

Here we have a perfect example of the way Communism proceeds in the conquest of a nation. The Reds first began with specious overtures of comradeship for their Slavic brothers. There was infiltration of Communist agents into Czechoslovakia, the unostentatious creation of a Communist party which gave lip service to the democratic government. Came the war, and the "liberation" from the Germans by the Russian army, after which the Bolshevists intensified their crusade within the country.

IF THE PRAGUE GOVERNMENT was uneasy, there was small sign of it. The relations between Czechoslovakia and Russia appeared to be grand.

There was no Czechoslovakian FBI announcing subversive Red activities.

There was no Attorney General Tom Clark stating that the Prague government's authority to dismiss employes having Communist connections was established clearly in law and by supreme court rulings.

There were no witnesses flatly defying a congressional committee and refusing to disclose whether they are Communists.

There was no House Speaker Joseph H. Martin Jr., to declare, as he did yesterday in a speech at Gettysburg:

"It is a strange paradox that when we seek to curb their seditious activities, the subversionists seek refuge under the protection of the same Constitution and the same bill of rights they are attempting to destroy."

THE COMMUNISTS AND fellow travelers in Czechoslovakia found a friendly atmosphere at that time, possibly the nearness of Russian fighting forces helped the Red cause some. Anyway, things ran along fairly smooth until Feb. 25 of this year. Then the Communists staged a strong arm coup and Communist Premier Klement Gottwald emerged as dictator of Czechoslovakia after beating down Benes' resistance in a six-day crisis. Now we have the climax in the rigged national election.

That surely is writing on the wall for all democracies which are smart enough to read it.

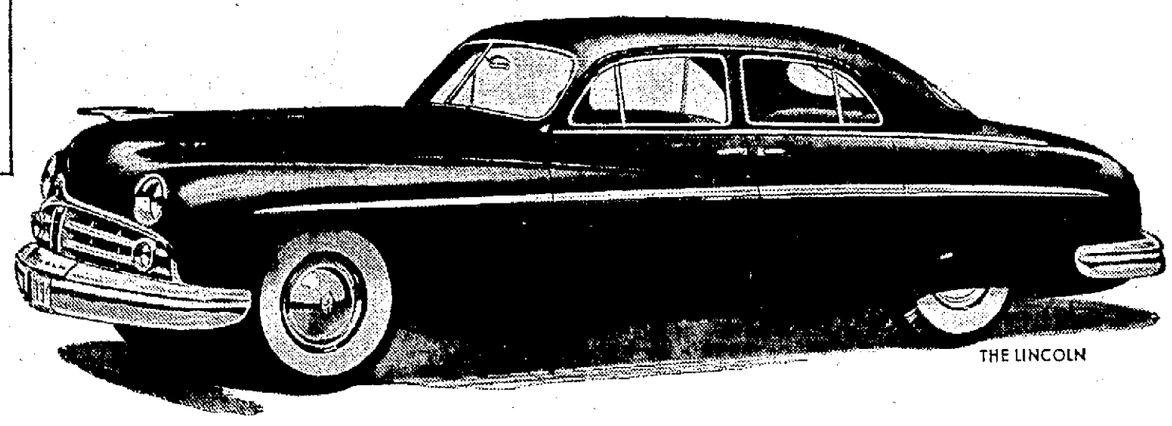
Pattern for the fine cars of the 'Fifties



THE LINCOLN

TWO COMPLETELY NEW 1949
Lincolns
IN A CHOICE OF MAGNIFICENT BODY STYLES
AND TWO SEPARATE PRICE RANGES

A NEW *fine car* isn't made overnight. Not a *really* new and really *fine* car.

The 1949 Lincolns you can see now at your Lincoln dealer's have been years perfecting. Here was a job that couldn't be rushed. For *these* 1949 Lincolns were designed to meet the 1950s more than half way; to be the automotive pattern for years to come.

Are they beautiful? Of course, with a new, massive breadth of line that's fresh to the eye...and sheer joy when you see how much *extra* room it means. They've got a low, hug-the-road look. And feel how their new super-balloon tires, with their wider, safer rims, really *cushion* your ride.

Are they powerful? In both the Lincoln and Lincoln Cosmopolitan, there's the same powerful engine. Newly designed right from the blueprints up, 8-cylinder, V-type, 152-horsepower...it's as fine an engine as human skill can make. A fortress of strength...built with the precision that goes into aviation engines.

Are they luxurious, these new Lincolns? Naturally. From the smart upholstery fabrics and distinctive color combinations to their new carefree, effortless ride, these Lincolns are a revelation and a new experience in motoring.

Yes, look at the fine cars of the '50s...Look at Lincoln.

Nothing could be Finer_or Newer!

TAFT HOLDING BALLOT EDGE

INS Poll Finds Ohioan Leading in First Ballot Strength.

By International News Service

WASHINGTON, June 1—The Republican presidential race is settling down today into a two-man contest between Sen. Robert A. Taft of Ohio, and Gov. Thomas E. Dewey, of New York.

With the GOP convention meeting in 20 days, Taft continues to lead Dewey on first ballot strength. But Dewey has sharply closed the gap between them in the last four weeks.

Harold E. Stassen of Minnesota, is a poor third.

The continuing International News Service poll of delegates shows the following first ballot strength:

Taft, 297 delegates; Dewey 270 delegates; Stassen 136 delegates.

With "favorite sons" out of the way, the standing of the top three would be Taft 381, Dewey 301, Stassen 159

Dewey has cut into Taft strength in the south and border states since his smashing victory over Stassen in Oregon.

Both Taft and Dewey personally are optimistic of winning the Republican nomination. Neither will heed any talk of compromise withdrawal or agreement on a "dark horse."

See Stassen Doomed

Most Washington observers say Stassen is doomed. He may expect both Taft and Dewey raids on his followers after the first couple of ballots. His personal claim of 340 "first choice votes" is totally discounted by the International News Service poll of both first and second choices.

Friends of Taft and Dewey say neither man will accept Stassen as a "compromise" in event of a deadlock. Both groups were angered by Stassen's campaign tactics. His final charge that Taft and Dewey entered a conspiracy to defeat him in Oregon was the final straw.

The facts are that both the Taft and Dewey organizations were badly handicapped by lack of campaign funds. Taft dug into his own savings to pay some of his Ohio campaign costs and Dewey is reported to have done the same thing while campaigning in Oregon. But both Taft and Dewey camps noted that the Stassen organization had plenty of money in Wisconsin, in Nebraska, in Ohio and again in Oregon.

Three Dark Horses

If Taft and Dewey do deadlock the convention, three "dark horse' possibilities will get consideration. First is the veteran Senator Arthur H. Vandenberg of Michigan. Second is House Speaker Joseph W. Martin of Massachusetts. Third is Senator John W. Bricker of Ohio.

At the moment, both Taft and Dewey leaders deny there will be a deadlock. The INS poll shows Taft will draw slightly away from Dewey when the favorite sons retire. Taft will get 50 out of Illinois' 56 delegates and 20 out of Tennessee's 22. If he can get another big bunch somewhere, he may start a convention stampede.

It appears a bit more difficult for Dewey to launch a bandwagon. He should cross the 300 mark in early balloting. One chance of a Dewey success would be to gain Stassen's endorsement but most observers think Stassen will throw his strength to Vandenberg eventually.

RAP MUNDT ANTI-COMMUNIST BILL. Testifying before the senate Judiciary Subcommittee in Washington, Henry Wallace (left), Third Party Presidential candidate, and Norman Thomas (right), Socialist Party Presidential candidate, attack the Mundt-Nixon bill to outlaw the Communist Party. Wallace called the proposed measure a "frank declaration of war" against all civil rights. Thomas declared the bill would be a "blessing to the Communists," making them martyrs and driving the party underground.

SUCCEEDS SMUTS. A former clergyman, Daniel F. Malan (above) has succeeded Field Marshal Jan Christiaan Smuts as Prime Minister of the Union of South Africa. The change in government followed a victory at the polls by Malan's Nationalist party, which favors segregating the natives and advocates South African independence.

CLASS MEETING CHANGED

Time of a meeting of the Men's Bible class of Calvary Evangelical United Brethren church, set for Thursday, has been changed to Thursday, June 10, it was announced today. The meeting will be held in the home of William Schwaderer of 281 Forest street. Rev. D. H. Hochstettler, pastor of First Evangelical United Brethren church, will speak, and Howard Orr will sing.

PAROCHIAL DIPLOMAS

BUCYRUS, June 1—Ten eighth grade pupils of Holy Trinity Catholic school received their diplomas when graduation exercises were held in Holy Trinity church Sunday morning. The Rev. Fr. Leo Remartz delivered the commencement address.

DEATHS and FUNERALS

James Jenkins

James Jenkins, 58, of the Marion county home died at 4:55 a. m. Monday in City hospital. He had been ill since Aug. 7, 1946.

A native of Richwood, he was born July 28, 1889.

Only survivors are a foster son, whose address is unknown, and a niece, Ruth Bolton of Alaska.

Funeral services will be conducted Thursday at 10 a. m. in the Schaffner-Denzer funeral home on East Center street by Rev. E. H. Wierth, pastor of First Evangelical and Reformed church. Burial will be in Marion cemetery. Friends may call at the funeral home.

Dr. Percey E. Decatur

KENTON—Rites will be held here Tuesday at 2 p. m. for Dr. Percey E. Decatur of Ashland, 73, native of Hardin county, a physician for 44 years, who died in Ashland after suffering injuries in a fall several days ago. Dr. Decatur is survived by his widow Ethel, a son Dr. Warren Decatur of Cleveland, a daughter Mrs. Howard S. Lutz of Ashland, and a brother. He was a Legionnaire, a member of the Masonic lodge of Kenton, a Methodist, and on the staff of Ashland Samaritan hospital. During World War I Dr. Decatur served as a medical officer. He was a native of Grant, Hardin county, and practiced in Ashland 17 years, having come there from Hamilton and Marseilles, O.

Louis Strasser

UPPER SANDUSKY—Services will be at 9:30 a. m. Wednesday from St. Peter's Catholic church here for Louis Strasser, 40, a native of Upper Sandusky who had lived in Vermilion, O., for the last five years.

Mr. Strasser was taken suddenly ill at his home in Vermilion early Saturday. He died in a Lorain hospital at about 4:30 p. m. Death was attributed to an internal hemorrhage. Burial will be made in the church cemetery. His body was brought to the Brinsman & Co. funeral home here Monday.

Surviving are his wife, Leore Mouser Strasser, also from Upper Sandusky; daughters Janet and Karen Sue; son Michael Louis, and a brother Edward Strasser of Upper Sandusky.

Under the treaty of Breda, signed in 1667, the Dutch obtained the Guianas and the British acquired New Amsterdam, later called New York.

Municipal Income

THE INCOME plight of Ohio cities needs to be looked at objectively. It will only be made worse if the people involved in it—meaning everybody in Ohio—fall into the mistake of shifting the blame and bickering over financial statistics.

These are the discernible fact

Cities everywhere, not just cities in Ohio, are up against it for income

This has come about because the federal government has been taking more money from local taxpayers than they could spare. As a result, the taxpayers have been inclined to be stingy about the needs of local government. American wealth has been distributed lavishly throughout the world while local government wondered where to get enough money to repair the city hall roof

Meanwhile, state governments, with taxing power exceeded only by that of the federal government, has been taking a healthy cut of what local taxpayers had left. Most of them accumulated huge surpluses during the war years while their tax income increased and it was impossible to maintain the customary rate of spending for statewide improvements. Needless to say, the states have had no trouble spending the surpluses since the end of the war

But cities have accumulated no surpluses. With few exceptions they have been unable to keep abreast of their ordinary obligations. A large part of the money "kicked back" to them by federal and state government goes for things that have relatively little to do with routine spending. For federal and state officials to point to financial statistics without acknowledging that a municipality can't pay its bills with a statistic is foolish.

This is not an argument about whether to break eggs on the little end or the big end. It isn't an argument about whether to call a special session of the general assembly of Ohio or not to call one. It is—or should be—an earnest, thoughtful attempt to find a solution to the tax income problem of cities. Otherwise, every city in the country will be forced to do what Philadelphia, Toledo, St. Louis, Columbus and, most recently, Youngstown have been forced to experiment with—a municipal income tax to compete with other tax collectors for what's left after Uncle Sam takes his slice

It's Politics

LIKE the beginning of Indian summer, the beginning of a national political campaign is a date no one can establish with complete certainty.

But if Indian summer begins when the weather turns mild after the first snowfall, a national political campaign probably begins when the candidates start after the November votes

On that basis, President Truman probably has started his part of the national campaign. His first campaign trip begins next month. His message calling on congress to raise social security benefits and include 20,000,000 more persons in social security coverage is probably politics, as Republicans have been quick to call it.

It is also—aside from politics—a major issue. Raising social security benefits, whether it's done according to Mr. Truman's plan or according to some other plan, would mean raising social security taxes. Adding millions of new social security beneficiaries would mean adding billions of dollars of new public income for future repayment to eligible taxpayers. Both political parties will have to grapple with the issue sooner or later, because the fact is that existing rates of payment are being made obsolete by inflation. The whole matter is inextricably bound up in politics, as what isn't.

Population Trends

THE NATION'S population graph isn't following the course predicted for it. The May bulletin of the population reference bureau shows that in the early 1930's economists had predicted the population would be declining by the middle of the century.

In 1934, Dr. O. E. Baker, the agriculture department's senior economist, predicted that by 1948 the population would be 132,000,000. Actually it is around 144,000,000. He predicted that it would fall to 98,000,000 by 1990. That may yet come to pass, but since the war the birth rate has continued to increase.

Predictions of the 1930's were based on the fact the percentage of population growth had been declining since 1900. Nobody knows why the trend has reversed itself. Sociologists decry the decline of the family. The price of food and the availability of housing certainly don't encourage the rearing of families. Yet the population continues to rise. Perhaps the explanation lies in the steadily increasing life span made possible by improved hygiene and medical treatment.

Did You Know

It is estimated that more than 35 per cent of Americans either work on farms, in industries which process farm products or furnishing goods and services to farmers.

Scanning the Record

By George E. Sokolsky

Sokolsky Finds It's Still Dewey or Taft.

IT IS STILL Dewey or Taft in in the Republican party. There is a certain pull for Vandenberg. Stassen's name has disappeared from conversation.

I am at this moment at Butte, Mont., having traveled here from New York. Naturally, a train trip I not a political barometer, although in recent years it has become customary to accept the conversation of the taxi driver as wisdom from Olympus on the assumption that taxi hackmen, pullman porters and such, having nothing more serious to do, listen to the ebb and flow of opinion and retail it to their customers. Actually, their wisdom is often suited to their customers, and like all folks who specialize in tips, they have become trained psychologists. Therefore, one has to take what they produce with the proverbial grain of salt.

SOKOLSKY

Nevertheless, it is astonishing how rapidly the assumption has become general that Harold Stassen has passed out of the picture for President and that his only chance for the vice presidency would be the nomination of Vandenberg for the presidency. It is also interesting to note how glad most folks are that Taft beat Stassen in Ohio. That sentiment has nothing to do with either Taft or Stassen; it is a matter of sportsmanship and fair play. The feeling seems to be that whereas Stassen has been a free lance with nothing to do but run for president, Bob Taft is tied down to a legislative program in the senate and should have been given a break in his own state.

Dewey Did Well

As for Tom Dewey, he did very well in these western states and has made many friends. The general line is that he has grown; that he has matured; that he has become more human. I have known Tom Dewey for many years and never quite saw the cold side of him that seemed to be the usual appraisal of his nature. But maybe he needed the challenge of this stiff fight to display more widely what his friends have always known. This must be said of Dewey's personality: He has managed to keep loyal to him, at great personal sacrifice, a heterogeneous but competent group of men and women who, starting with him in the gangbuster days, have remained throughout his political life. The man who can keep his friends loyal to him when it would be advantageous to look out for themselves is not "cold."

As for Senator Vandenberg, few men are more respected. Somehow he has, in recent years, gained the reputation of being an elder statesman. But that very term is doing his chances incalculable mischief, because Republicans, in particular, do not like the word, "elder," and they are wondering about the wisdom of the bipartisan policy which seems to have produced numerous follies in the pursuit of foreign policy.

Defense of Policies

It will be impossible to eliminate a full debate of our foreign policy from this canvass, particularly as Henry Wallace is driving it to the fore. While comparatively few take Henry Wallace seriously, most would like to have his arguments answered. And most of them have not been answered by any candidate. The feeling among Republicans seems to be that should Vandenberg be the compromise candidate, he would have to defend the foreign policies, confused and complex as they are, of Roosevelt and Truman, of Stettinius, Byrnes and Marshall. This they do not want.

As one moves away from New York, less is heard of Henry Wallace. Also, less is heard of the revolt against Harry Truman. Democrats assume that he will be nominated. They await his tour in these parts with considerable hope that his simple ways and simple speech will move what they like to call the plain people. However, there is a growing feeling, even among Democrats, that in his urgency, he has restored some of the most unreliable elements in the New Deal to the grace of White House associations and that they can outpromise the capacity of the United States to perform. People are tired of blank promises. They are worried about the possible restoration of tax cuts. Increased taxes are popular with no group but the followers of Wallace, who want the government to take all.

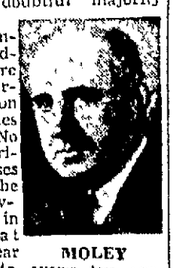
Why Eisenhower Can Not Run

By Raymond Moley

DESPERATE Democrats, notably bosses like Jacob M. Arvey of Chicago, are frantically looking toward Eisenhower as the man to save their party and the innumerable local jobs, privileges and perquisites that pertain to power. Likewise, the idealists with James Roosevelt in California are agonized to see the likelihood of Wallace's snatching away their doubtful majority in that state.



MOLEY

General Eisenhower can hardly be unaware of the embarrassing position that this creates for him. No doubt, he privately expresses views of the draft-Eisenhower business in language that would endear him forever to every top sergeant who ever served in his great army.

It is not enough to say, as he did with dignity and precision, that he could not run for the Republicans. It is not enough for him to accept a job which sought him on the basis that Columbia needed a president, not a candidate. The draft - Eisenhower Democrats simply refuse to listen.

Nor does the logic of the case seem to settle the question. The logic is that a man would be foolish to reject a Republican nomination this year and then accept a nomination from a party that is desperate, divided and apparently headed for defeat. As Hamlet said to his mother.

"Could you on this fair mountain leave to feed,
And batten on this moor?"

A much greater issue rises, which Eisenhower undoubtedly sees very well. How would history judge a great general, deservedly the idol of his countrymen, if he took advantage of that popularity to push aside his civil commander-in-chief, who appointed him chief of staff and under whom he served for three years? That is what an Arvey-Roosevelt coup d'etat would mean.

Precedents

History is full of precedents, good and bad, of military men who have pushed aside civil leaders. The conquering general is always more popular than the frock-coated civilians. When it was arranged that Abraham Lincoln should attend Ford's theater on April 14, 1865, the original plan was to have General Grant accompany him. But such was Grant's popularity in Washington that his presence would have precipitated a friendly riot. Grant was no man to steal the show. He was also irked by public attention. He slipped out of town that day. Lincoln went almost unnoticed.

Case in Mexico

Latin American history is full of instances in which a popular general has gently or ungently set aside an elected president. Occasionally, however, the general has risen above the temptation. In 1861, the long civil war in Mexico had reached its end. Gonzalez Ortega, the military commander of the Constitutionalists, captured the capital. Ortega was the hero of the hour. The quiet, unromantic Benito Juarez, the legitimate president, was in Vera Cruz. The slightest disposition to capitalize on popularity would have deposed Juarez and elevated Ortega. But Ortega was a man of singular honor and foresight. He induced Juarez to stop at the outskirts of Mexico City while he prepared the way for a great entry for his chief. Juarez entered in triumph, and Ortega lives in history for his refusal to take a short cut to power.

Eisenhower must know this. And those who are trying to draft him are not serving the general's true fame. They are serving their own selfishness.

Just a Minute

By Jack Tarver

He's On the Goldsborough Standard

John L. Lewis faces Judge Goldsborough again today. I don't imagine he is looking forward to it. Singed eyebrows dread the fire.

Twice now already Goldsborough has thrown the book at Lewis. As far as the judge is concerned, The Great John L. was a citizen named Sullivan.

Goldsborough is rapidly becoming the great American hero. In fact, the Democrats are doubtless considering drafting him if they can't get Eisenhower.

Lewis appears today to show cause why he should not be made to bargain with the Southern Coal Producers. And he'd not only better show cause, but also a little civility.

I know it is grammatically incorrect to end a sentence with a preposition. But there's no getting around the fact that Judge Goldsborough's is a pretty expensive court to be in contempt of.

Up in Smoke

Tobacco smokers in the United States burn up almost a billion cigarets every day, the Federation of Tax Administrators reports.

Cigaret and tobacco taxes levied by 38 states yielded a record $295,200,000 in 1947. This beat the 1946 total by 25 per cent.

Tax collections from this source for 1948 are expected to be even higher, because 8 states increased tobacco or cigaret tax rates last year and 7 others adopted new levies.

New Jersey's enactment last month of a 3 cents per pack tax on cigarets will boost collections still further when it becomes effective July 1. The new levy makes New Jersey the 39th state to impose a tax on cigarets.

New York ranked first in cigaret tax collections last year with $34,300,000. The state's 2c levy was raised to 3c last January to help pay the soldiers' bonus. Pennsylvania's cigaret tax yielded $31,300,000 last year. Its tax on smokes was increased from 2c to 4c per pack effective last July 1.

Other high cigaret tax collections were Illinois $26,000,000 (3c per pack), Texas $21,400,000 (3c), Massachusetts $20,800,000 (4c), Ohio $16,400,000 (2c), Louisiana $11,800,000 (5c), Florida $11,700,000 (4c), Michigan $8,300,000 (3c) and Georgia $8,000,000 (3c).

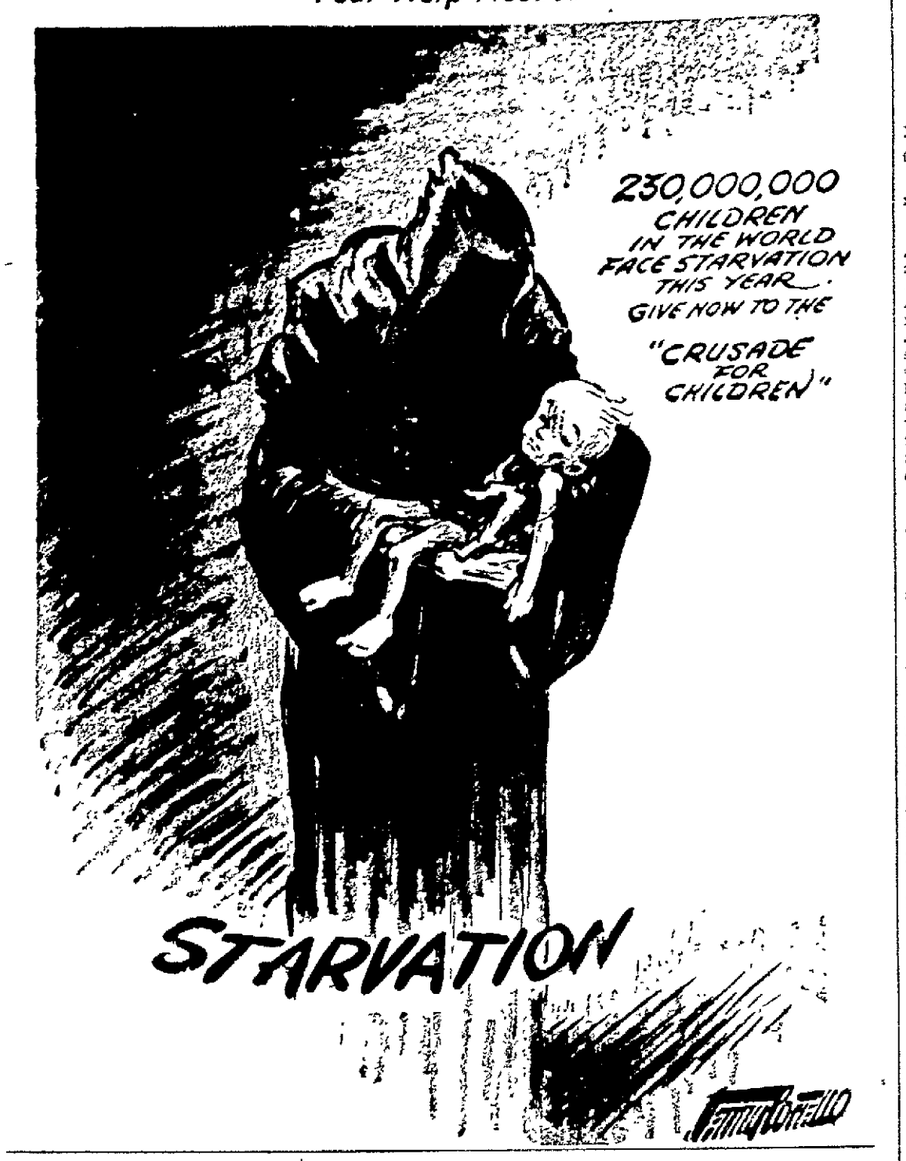
Your Help Needed



From News of Other Years

TEN YEARS AGO

It was Wednesday, June 1, 1938.

The level of farm prices declined in May to the lowest point in four years, a report from the bureau of agricultural economics stated. Surpluses and lower consumer demand growing out of the business recession sent the price level down 30 per cent from the year previous. All major farm commodities participated in the decline.

John Kehrwecker was installed as president of Buckeye Aerie No. 337, F. O. Eagles, by E. J. O'Brien, installing officer.

The annual junior-senior prom of Harding High school was held at Rainbow Gardens. Jack Zeisler, president of the junior class, and Mildred Young, and Roy Stout, senior class president, and Helen Rieger led the grand march.

Dan Cupid scored almost four times for every divorce in Marion county courts during May, records in the common pleas court showed. There were 37 marriages listed in probate court and 10 divorces. Of the divorces granted eight were to wives and two to husbands. Nine were for gross neglect and one for wilful absence.

Miss Margaret Watrous of East Center street was awarded the degree of master of arts from the teachers college of Columbia university.

TWENTY YEARS AGO

It was Friday, June 1, 1928.

The giant tri-motored monoplane "Southern Cross," reached Hawaii after a 2,400-mile hop from San Francisco, the first leg of its projected 7,800-mile trans-Pacific flight to link North America and Australia by air.

Rev. W. R. Shively, who had just concluded his services here as pastor of the Church of the Brethren, left with his wife and daughter for the West, where he was to be assigned to a new church.

Mrs. Harry N. Ernsberger left on a motor trip to New York City to be present when her father, Peter Schmidt of Mansfield, sailed for a tour of several months in Europe.

Dr. and Mrs. D. W. Brickley returned from a world tour which they had made aboard the liner Caledonia, starting Jan. 14.

A daughter was born to Mr. and Mrs. H. T. Curtis of Lafayette street.

Miss Dorothy Lucille Carder of Cherry street and Donald R. Draper of Kenton were united in marriage by Rev. G. A. Kanzler at the Salem Evangelical church parsonage on East Church street.

Whose Voice Speaks for U. S.?

By Walter Lippmann

ANY ONE with experience in journalism could have told the State Department, and several of us did, that it would get into trouble if it took responsibility for radio programs. That is because it is a technical impossibility for the department to direct or to supervise broadcasts to all parts of the world in dozens of languages on all kinds of subjects.

For how is it conceivable that officials of the department can read all the scripts before they are broadcast? How can they know what has happened to the scripts when they have been translated into foreign languages? How can they know what they sounded like when the broadcasters had supplied their own personal inflections and emphasis.

LIPPMANN

In the case of the scandalous, and perhaps malicious, broadcasts to Latin America, the Voice of America seems to have been Mr. Rene Borgia of Venezuela and a Mr. Alberto Gandero, who is now in Cuba. Obviously their broadcasts were not "supervised" successfully. But where are we going to find the all-seeing eye and the all-hearing ear which will supervise hour by hour what the Voice of America says to the world in Spanish, Portuguese, French, German, Italian, Czech, Hungarian, Polish, Roumanian, Greek, Finnish Swedish, Norwegian, Arabic, Chinese—or even in English?

Supervisor

Mr. George V. Allen, the assistant secretary of state who now chaperones the Voice of America, had nothing whatever to do with the scripts which have aroused congress and the public. Mr. Allen was our Ambassador in Iran when they were broadcast. But from now on he will be responsible, and so he really ought to consider whether he could, as he says in his letter to Senator Smith, of New Jersey, "supervise the programs" if he had "the authority and the machinery for supervision." What authority and what machinery would he like to have in order to discharge successfully the responsibility of supervision? It will take some machinery to enable Mr. Allen to supervise Mr. Richardson of NBC who was supposed to supervise Mr. Gandero who was supposed to supervise Mr. Borgia.

My own view is that the Voice of America to the outer world should be the voice of the President of the United States and of the Secretary of State and that to let any one else call himself the Voice of America is certain to diminish, not to enhance, the prestige and influence of the United States.

I think it absurd that the Voice of America, an official organ of the Department of State, should be heard around the world singing songs, cracking jokes, entertaining the kiddies. It is arguable that a summary of the news from the press associations should be broadcast, and that the government could facilitate such broadcasts. But I do not believe that this country can conduct an official propaganda of ideology, doctrine, and opinion. For this country, being truly a free country, does not have any such thing as an official ideology, an official doctrine, and an official set of opinions.

Speaks for Itself

But even if it be granted that the government needs to conduct such a propaganda, then it ought not be the Department of State which does it. The department should always speak for itself. No one, not Mr. Borgia and Mr. Gandero, should be allowed to speak for it, not even if Mr. Borgia and Mr. Gandero are being "supervised." If the department speaks for itself, it will know what it is saying. It does not know, in the nature of things it can never know, what the Voice of America is saying.

The only scripts that the department ought to have anything to do with are speeches, statements, press interviews dealing with foreign affairs that come directly from the White House and the department through authorized officials. To supervise effectively even those scripts is a big enough job for the department.

And if it confined itself to doing that job as well as it can, it would not be in endless trouble because it has bitten off more than it can chew.

Jobs for Refugees

By The Associated Press

SANTIAGO, Chile—Chile is setting up a central office to find jobs for 700 immigrants from Austria. The immigrants were chosen by a Chilean diplomatic agent in Austria from among displaced persons skilled in industry. The government announced plans to lodge and feed them until jobs are found where they can fit into the country's industrialization program.

* * *

Well I have been going over once more recent statements and letters of you two and I don't know if I ever read two statements which could mean so much to a baffled if they could be taken as the real McCoy reasonable facsimile thereof. I am yet to a fellow who is not for everything you say you stand for. Every item you list as representing something you favor has been favored by nine out of ten men ever since V-J day anybody else but you, Joe, and you. But wrote letters announcing a favorable stand those same points they would not get the ads paper in the world on account of they old stuff.

* * *

In your letter, Henry and in your answer statement, Joe, you both came out for.

1. Cooperative efforts for peace.
2. Reduced armies.
3. Non-interference with the sovereign another state.
4. Swifter peace with Germany.
5. An end to obstructionist tactics
6. Non-interference with the domestic affairs of any state.

* * *

Who is the fellow who has been against the Joe? Tell me who has been blocking, frustrating, sabotaging and monkey-wrench tossing whenever a conference on these aims opened up? Who has been walking out on and busting up meetings? Who was that guy who took over Czechoslovakia? (It didn't look to me like Harry Truman or Georgie Marshall") Who has been crashing into little countries right and left and telling them where they get off? (Is Messrs. Dulles, Hulle, Harriman?) Who is the name of that fellow who has been hurling the 200-pound veto? It didn't sound like "Byrnes."

* * *

And that "century of peace" idea. How what about that? If you had to point out some boat who maybe wasn't red hot for a century of peace would you point to Uncle Sam? Do you know very well that there isn't an American leader who wouldn't settle for a mere century." So how comes it two fellows named Josef Stalin and Henry Wallace put each one out in front as the only men warm for such great benefit to the human race?

* * *

Jos, you say "I do not know whether the United States government approves of Wallace's program as a basis for an agreement between the United States and Russia." Please will you stop acting. The United States government has been approving of the program ever since the war ended, except for that matter the atom bomb, and only you two boys see eye to eye on finagling Uncle Sam out of that one.

Going to the Chair

By TRUMAN TWILL

Some few months ago this writer was equipped by the expert designers of the office furniture industry and the beneficence of his employers with a beautiful creation called a posture chair.

The theory of this gadget was that it would keep its occupant in a healthful position while beating out his stint on the typewriter and do away with that tired feeling which had been cutting down production in mid-morning and mid-afternoon.

The chair was adjustable in all respects. It had no less than six knobs that can be twisted to make it fit the stresses and strains of the human body. It goes up and down. The back can be adjusted forward and backward. The tilt of the back rest is adjustable. Springs and levers can be tightened and loosened at will.

The chair is a minor masterpiece of the scientific approach to the problem of making the occupant feel that better minds than his have been put to work on the problem of making him comfortable. It is a great morale builder. But it is a failure.

All its knobs and dials have been twiddled to no effect. The tired feeling keeps coming back—except that now it's blamed on the chair. This leads to further investigation of its knobs and dials. That chair has become as avid a consumer of working time as the drinking fountain, the pencil sharpener and the coffee counter.

It is never allowed to stay the same more than two days in succession. It's switched from high to low, to erect to reclining position, from stiff to soft adjustments. And still the tired feeling persists. And the chair is eyed suspiciously for still further combinations that may make it more efficient.

Before posture chairs ever were heard of, people who sought a living by beating typewriters used to sit in chairs that didn't have anything scientific about them at all. They were just chairs. The occupant expected nothing of them. He didn't worry about any such miracles as not getting tired, though working. He concentrated on what he was doing so he could quit doing it as soon as possible and go home to stretch out on the davenport.

The posture chair is here to stay. This is not intended to hurt anyone's feelings or hurt business. But confidentially, gentlemen, you simply haven't designed a chair that will keep the occupant fresh as a daisy until the end of a long, hard day at the office slaving over a hot typewriter and working his fingers to the bone.

2 LEGAL SUITS COST CITY OF GALION $835

Special to The Star

GALION, June 1—Judgements against the city a total of $835 this week as the result of two suits against city officials, it has been learned.

City Auditor Gloyd A. Frye was notified last week that Kenneth Petri, attorney, has been awarded $500 in attorney fees as the result of his injunction to block the purchase of a diesel generating unit by the city. Judge C. C. Ahl declared the purchase illegal and awarded Petri a permanent injunction on May 19. Besides the $500 the city was assessed $200 premium on the bond posted by Mr. Petri. Court costs in this case have not yet been determined.

In the other suit E. J. Myers, attorney for John Drouth, local taxpayer, was awarded $100 in attorney fees. This was an injunction to prevent payment of salary of the service-safety director. Court costs amounted to $33.82 in this case.

Rehearsals Called For Band, Orchestra

Several rehearsals of the Harding High school orchestra and band, in preparation for final school graduation activities this week, have been scheduled and are being announced by Homer Huffman, director.

The orchestra is to rehearse at 10 a. m. Wednesday, and again at 1:15 p. m. Thursday, both rehearsals to be at the Chautauqua pavilion at Garfield park. The orchestra will play for commencement exercises Thursday night at the pavilion.

A rehearsal of the band will be held Wednesday at 3 p. m. at the Harding stadium. This will be followed by the annual "Class Day" program at 4:30 p. m. at the stadium for which the band will play. Members of the band are to report to this rehearsal in full uniform.

The band will play Saturday night at the benefit baseball game at Lincoln park and members are being asked to report to the park at 6:45 p. m. in full uniform.

The first of a series of weekly summer band rehearsals will be held Monday, June 7, at 7:30 p. m. in the Central Junior High school auditorium in preparation for a summer concert to be presented Sunday afternoon, June 13, at the Chautauqua pavilion, according to Mr. Huffman. The Monday night rehearsal is for all present members of the band and for any of this year's ninth grade pupils who expect to be in the band next year.

Overseas Food Relief Train To Tour Ohio

By International News Service

COLUMBUS, June 1 — Ohio farmers will have a chance to make their contribution to overseas relief this summer when a food train tours the state.

Carl J. Landes, state director of the Christian rural overseas program, said the train will be assembled toward the last of July.

The CROP program will call principally for wheat and dairy products although other similar items will be acceptable.

A campaign designed to set up contributions beforehand and acquaint rural populations with the program will get under way in June.

CROP is a national organization sponsored by Church World Service, Lutheran World relief, and Catholic Rural Life. In the last year and a half over 24,000,000 pounds of farm produce were collected for foreign aid.

Distribution is made through church representatives regardless of political or religious affiliation.

2 Bucyrus Weddings Follow Graduation

Special to The Star

BUCYRUS, June 1—High school diplomas and marriage licenses held prominent places in the lives of two Bucyrus young women, whose weddings followed closely their graduation from Bucyrus High school Friday night.

At 1:30 p. m. Saturday in First Baptist church Miss Eleanor May Hart, 18, daughter of Mr. and Mrs. Harry Hart, became the bride of James Edward Cross, son of Mr. and Mrs. Oscar Cross.

Monday at 7 p. m. another girl graduate, Miss Evelyn Lucille Veil, daughter of Mr. and Mrs. Arthur Veil, exchanged marriage vows with Jack Carmean Kooken, Shelby, who received his high school diploma at the Shelby graduation exercises Tuesday night. The ceremony was solemnized at the Veil home.

Miss Hart chose an aqua street length dress for her marriage. Her attendant was Mrs. George Rood, her aunt. Both had rose corsages. Mr. Cross was attended by Donald Burling. The couple are honeymooning in Kentucky. Mr. Cross is employed at the Swan Rubber plant.

Miss Veil had as her maid of honor Miss Alice McKinney and Robert Hart was best man for Mr. Kooken. The bride chose an aqua street dress. Their corsages were of roses and carnation. A small reception at the Veil home, where the vows were repeated, was held for members of the immediate families. The couple is taking up residence at Shelby where Mr. Kooken is a printer.

Wed in Carey Shrine; Brother Officiates

Special to The Star

CAREY, June 1—Miss Virginia O'Done, daughter of Mr. and Mrs. Henry O'Done, and Henry Brown, son of Mr. and Mrs. Ralph Brown, were united in marriage last Saturday at 9:30 a. m. in the Shrine of Our Lady of Consolation. Rev. Michael Brown, OFMConv., brother of the bridegroom, officiated. The seminary choir of Our Lady of Carey sang during the solemn nuptial mass, and Rev. Ambrose Finnegan, OFMConv., also sang. After the service the bride placed a bouquet of red roses on the altar of Our Lady of Consolation.

The bride was given in marriage by her father, and carried an arm bouquet of white roses. Her only attendant, Miss Rose Damico of Toledo carried yellow roses. The groom's best man was his brother Richard Brown. Ushers were Vincent Brown, Daniel O'Done and Raymond Shultz.

A breakfast was held and later a reception in the Knights of Columbus lodge hall. The young couple will reside near Brownstown.

Mrs. Brown teaches commercial subjects at the Harpster High school and Mr. Brown is a veterans agriculture instructor at Marseilles High school.

Harding Teachers Are Entertained At Conley Home

LESTER L. DICKEY, superintendent of the Marion public schools and Mrs. Dickey were honor guests when the faculty of Harding High school, their husbands and wives entertained with a 6 o'clock dinner recently. Hostess for the occasion was Miss Marian Conley of 411 South State street. Places were arranged for 60 faculty members and guests. Presiding in the diningroom was Mrs. A. C. May.

During a social hour Miss Isabel Freer extended greetings to the honor guests and Miss Lucile Foreman presented a gift to Mrs. Glen Woods, a recent bride, from the faculty. Mrs. Woods before her marriage was Miss Dorothy Bloomingdale.

Mrs. Francis Drake was chairman of the committee in charge of arrangements and assisting with the hostess were Misses Lucile Foreman, Murl Frye, Rebecca Grove, Mildred Lenk, Rachel McAfee, Isabelle Stump, Minnie Winder and Margaret Wolfley, and Marion Chase, Russell Dunlap, William Howison, L. C. Jones, Kenneth Somerlot, Eric Williams, Don Zuspan and T. D. Bain.

Weddings

UPPER SANDUSKY—Bernard J. Thiel, son of Mr. and Mrs. Orbin Thiel of near Upper Sandusky, claimed for his bride Miss Agnes Gosche, daughter of Mr. and Mrs. Claude Gosche of New Riegel Saturday in St. Boniface Catholic church at New Riegel.

The Rev. Joseph Lapinski was celebrant of the nuptial mass and performed the ceremony at 8:30 a. m. Frank Wetzel was the organist. Miss Elizabeth Theis and Miss Mary Elizabeth Thiel were bridesmaids. Eugene Thiel, the bridegroom's brother, served as best man, and Cyril Gosche, the brides brother was groomsman.

A wedding dinner was served to 40 guests. Later, a reception was held at the bride's home, and also in the evening at Meadowbrook park at Bascom. The couple left for a wedding trip through the south.

The bride was graduated from New Riegel High school and has been employed in Fostoria. The bridegroom who attended school at Kirby is a farmer. He served in the Army for two years.

Special to The Star

UPPER SANDUSKY — Miss Betty Jane Frisch, daughter of Mr. and Mrs. C. S. Frisch, became the bride of Bernard Herman Kessler, son of Mr. and Mrs. John Kessler, in a pretty wedding Saturday at 9:30 a. m. at St. Peter's Catholic church. Rev. Father William J. McKeown officiated and during the high mass the children's choir sang.

The bride was given in marriage by her father. Her bridesmaid was Miss Mary Louise Kessler, sister of the bridegroom. Miss Janice Ann Frisch was maid of honor for her sister. Rovert Frisch, brother of the bride, was best man and ushers were Norman Frisch and Robert Kessler, brothers of the bride and bridegroom.

A three-course wedding dinner was served 42 guests. Serving were Geneva Hannibal, Evelyn Carpenter, Charlotte Risner, Virginia Downey, Frances Mercer and Shirley Risner. In the afternoon a reception was held at St. Peter parish hall. Serving there were Mrs. Gene Slemmer of this city and Mrs. Lillian Bentley of Harpster.

The bride attended Kirby school and has been employed at the Ohio National bank in this city. Mr. Kessler attended Carey school and during the last war served in the Army four years. He is employed at the Carey stone quarry.

The littlest lady will be dressed in clothes just as fragile, feminine and downright glamorous as any the designers have dreamed up for her mother this year.

With the return of imported organdies, batistes and cobwebby laces, baby clothes are more beautiful than ever, with delicate embroidery and handwork adding the final touch to delicate christening robes and exquisite coat-and-bonnet sets.

There is a skirt length controversy in the youngest set, also. Strictly modern babies like their christening robes a mere 21 inches long, while the conservative type infant still insists on the conventional 27-inch length. So designers make them both ways.

THREATEN CAPITOL STORM OVER BILL

By The Associated Press

WASHINGTON, June 1 — Belligerent opponents of the Mundt-Nixon anti-Communist bill threatened today to lead a protest demonstration at the Capitol Wednesday.

Len Goldsmith of New York, executive secretary of the committee for democratic rights, said "thousands of people" will be on hand to demand a hearing before the senate judiciary committee.

There were angry shouts from the audience when the committee closed public hearings yesterday on the house-passed bill to force registration of Communists. A group of about 30 men and women were waiting to testify.

"We're tired of being shoved around," Goldsmith shouted. "We demand the right to be heard."

But Sen. Wiley (R-Wis.) committee chairman, already had left the committee room. Acting Chairman Ferguson (R-Mich.) said he had no authority to continue the hearings.

Wiley's committee will meet Thursday, it was learned, to decide what to do about two witnesses who refused to say whether they were Communists.

Singer Paul Robeson and Joseph Kehoe, New York union leader, declined to answer when Ferguson asked them if they are members of the Communist party.

Robeson termed the question "an invasion of my right of secret ballot." He said he would go to jail if necessary before he would answer.

Kehoe, secretary-treasurer of the CIO- American Communications association, said "I am happy to join Paul Robeson."

district. Loss there will total millions of dollars, including 30,000 acres of rich farm land flooded, loss of 1,200,000 bushels of wheat, destruction of dikes which cost $1,000,000 and damage to more than 300 buildings.

Today the crest was roaring through the great river's Cascade gorge, spilling into the diked area of the lower valley in its rush to the sea. The crest hurried past eastern Oregon's Umatilla and Washington's Pasco-Kennewick area—at the Hanford plutonium project—and into the gorge at the Dalles yesterday. There it spilled over embankments into low portions of the city, but caused slight damage.

The first dike area it will reach today is at the mouth of the Sandy river—where one of the regions's three great aluminum production plants is located. It is expected to pass there without serious threat, but families have been evauated.

After that, the metropolitan Portland and Vancouver, Wash., area will feel the full impact of the flood that is expected to stay at high level for possibly a week.

Teen-Agers Hail Relax on Curfew

By The United Press

CHICAGO — Teen-agers are hailing amendments to the city curfew law which permit them to stay out later and lower the age limit to which the law applies.

Lone youngsters under 18 had to be off the street by 10 p. m. under the original ordinance, dusted off several months ago after years of disuse.

Now they may stay out until 10:30 p. m. Sunday through Thursday and until 11:30 Friday and Saturday nights. The city council also slashed the age limit to 16.

The modified ordinance provides that parents may be hailed to district police stations to explain why their children violated the curfew a second time.

FARMERS' LIVING COSTS GO HIGHER

By The United Press

WASHINGTON, June 1—The agriculture department reports that the farmers' cost of living in mid-May was almost at the record peak of last January.

During the month ended May 15 prices received by farmers for their products declined less than one per cent from the month before, the department said. The increase in the farmers' cost of living resulted from increases in food, machinery and clothing prices which were only partially offset by drops in prices of feed and seed.

Prices for almost all crops were lower than they were a month ago, except for cotton and oil-bearing crops. Beef cattle prices advanced to a new all-time high of $23.70 a hundred pounds. But prices farmers received for hogs went down to $19.60 per hundred, the lowest price since price controls were removed.

GUESSES CEASE ON TAX REFUND

House Group Quits Figuring Cost of Return Amount on Incomes.

By The Associated Press

WASHINGTON, June 1—The house appropriations committee today gave up trying to guess how much income tax refunds will cost next year.

Because of "many imponderables," the committee recommended the treasury be given an indefinite appropriation "to assure availability of adequate funds to make payments promptly."

Normally the refunds run in the neighborhood of two to three billion dollars a year, and in the past the committee has cut the treasury's estimates and made fixed appropriations.

Today's recommendation recalled that last year congress cut $800,000,000 from the department's $2,031,000,000 refunds request and later had to make two additional appropriations totaling $1,068,000,000. These boosted the total for refunds in 1948 to $2,229,000,000.

The committee said the amount to be refunded to taxpayers in 1949 "will be contingent upon a number of unrelated factors which are not susceptible of measurement in advance."

The tax refund recommendation was part of a $248,414,255 appropriation bill financing miscellaneous operations of the treasury and postoffice departments for the fiscal year beginning July 1. Most of the funds for the two agencies were carried in an earlier bill.

The bill's total is $106,791,120 below what the president had asked, and all but $5,980,520 of the cut was aimed at the postoffice department.

The bill, due to come before the house for debate tomorrow, carries $57,875,500 for the postoffice department and $190,538,755 for the treasury.

In lopping off $100,810,600 from the postal budget, the committee said much of the money originally requested was based upon an assumption of continued increases in mail business. Until there is definite proof that the present heavy volume will continue, it said, the amounts requested cannot be justified.

REPORTS BUTLER CO. MAN MURDER VICTIM

By The Associated Press

HAMILTON, O., June 1—The body of Morris R. Abbott, prominent 46-year-old Butler county farmer, was found early today along the Chesapeake and Ohio railroad tracks in the southwestern section of the county and Coroner Garret Boone reported the man had been murdered.

Boone said the man's head had been crushed.

The slaying apparently occurred in Abbott's barnyard a half-mile from the spot where the body was found, Boone said, "and the slayer then brought his victim to the railroad tracks to make it appear a suicide or accidental death."

Abbott's body was lying between two parallel tracks "and the death wounds could not have been caused by a train or could not have been self-inflicted," the coroner reported.

The slayer apparently attacked Abbott in the barnyard and then used the man's truck to carry the body to the tracks, Boone added.

Neighbors reported seeing Abbott eating ice cream in a Reily township establishment near his home at 10 p. m., last night, the coroner reported.

A searching party, which was organized when he did not return home, found the body.

RESUME RAILWAY TALKS

By The Associated Press

WASHINGTON, June 1—Presidential Assistant John R. Steelman today doggedly renewed the government's search for a way out of the deadlocked rail dispute. Steelman called negotiators for the nation's big railroads and three disgruntled labor unions to his White House offices. He had recessed the talks over the Memorial day weekend.

Education Taken to Homes For Ailing W. Va. Children

SCHOOL COMES TO HER. Margaret Ann Kirk, aged 7, at home with her teacher, Miss Eloise Burns.

By The Associated Press

CHARLESTON, W. Va.—At least 337 boys and girls in West Virginia dislike school vacations. They are the "homebounds" who get their learning in small doses from traveling teachers.

Infantile paralysis, heart trouble, whatever the cause, they're too sick to go to school. But their illness is physical, not mental. Their eagerness to learn is governed only by their physical strength.

That's the story told by H. Cliff Hamilton, supervisor of the state division of elementary schools. Taking school to children who are unable to attend classes is a growing thing throughout the United States, Hamilton says. West Virginia, he adds, "is leading the movement." It is a co-operative project of state and counties, limited at present only by the amount of money available. Last year there was $25,000. This year, there's $40,000. More could be used, Hamilton says. The state supplies the money. The counties supply the teachers.

For some of the stronger boys and girls the teacher may arrive twice a week, an hour at a time. For others, it may be half an hour, four times weekly. The controlling factor is the strength of the child. The lessons may be those of the first grade or of the senior year of high school.

Hamilton says "homework" must not be such as to overtax a child's strength, despite the desire of the youngsters for bigger and bigger assignments. "Tests," with their attendant tension must be kept to a minimum. But most of the homebounds who recover sufficiently to attend regular classes find they are abreast of the work.

Of the 123 teachers, 12 are full-time and 111 are part-time. The full-timers may have 12 youngsters under their supervision. The part-timers have one or two in the neighborhood.

Even with increased appropriations this year, it was necessary to say "no" to some applicants for the second semester, Hamilton says. But the per capita cost is less than for youngsters in regular classes.

Would Stop British Funds for Arab Aid

By International News Service

WASHINGTON, June 1—Twenty-seven congressmen appealed to the house appropriations committee today to bar Great Britain from using American funds to aid Arab nations, whose armies invaded Palestine.

The house members, representing nine states, addressed their appeal to Rep. Taber (R) of N. Y., committee chairman, on the eve of house consideration of the foreign aid appropriation bill.

The huge appropriation measure contains approximately six billion dollars for Europe and Asia. It is slated to be reported out by the committee later this week, possibly Wednesday or Thursday, and called up in the house immediately thereafter.

One billion dollars is expected to be included in the measure for Great Britain.

Military Air Transport Services Merge Today

By The Associated Press

WASHINGTON, June 1—The military air transport service (MATS) took over today air transportation for the Army, Navy and Air Force.

The new single service absorbs the air transport command, established by the Army Air Force in May, 1941, and the naval air transport service, established Dec. 12, 1941. Full services of both former services will continue.

The consolidation was made under the national defense unification law of 1946. MATS is under the Air Force chief of Staff.

FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tied to a drag everytime you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities by analysis of the blood, have by positive proof shown that S.S.S. Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the S.S.S. Tonic formula which contains special and potent activating ingredients.

Also, S.S.S. Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on S.S.S. Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. 4 Hurt in 6 Auto Accidents in Area

Six accidents in which four persons were injured were reported by city police and the highway patrol yesterday for this district bringing the toll of injured here to five for the holiday weekend.

Miss Thelma Reigel, 19, of Clyde and Virginia Bartlett, 19, of Lake Odessa, Mich., both suffered minor bruises of the faces and legs in a three car crash on rout 61 three miles south of Mt. Gilead at 7:45 p. m. last night. The two girls were riding in a car driven by George Schreckengost, 20, a divinity student from East Palestine.

According to accounts of the accident told by witnesses to highway patrolmen, Schreckengost attempted to pass a car driven by John F. Houpt, 22, of Marengo when he saw a car driven by Clark A. Temple, 33, of Bucyrus approaching from the opposite direction. Seeing the line of traffic behind him had closed up Schreckengost yeered to the left of the road to miss a head on collision and in so doing nicked the front fender of Temple's car throwing it into the side of Houpt's car. Damage to all three cars was considerable patrolmen reported.

Fined by Mayor

Schreckengost was placed under arrest by patrolmen and taken before Mayor Paul Richardson of Cardington. He pleaded guilty to passing without having the assured clear distance ahead and was fined $5 and costs by Mayor Richardson.

Mrs. Marion vans, 33, of 750 Cheney avenue suffered minor bruises in a two car collision at 10 a. m. yesterday at the intersection of Bridge road and route 739 in Green Camp.

Mrs. Evans was riding in a car driven by James Paul McPeek, 34, of 274 North State street when it collided with a truck driven by Grover C. Bosart, 62, of Green Camp. Both car and truck were slightly damaged, patrolmen reported.

Mrs. William F. Kehrwecker, 48, of 971 Henry street suffered slight neck injuries while riding in a car driven by her husband when a car driven by Robert Norman Seaburn, 20, of 620 Herman street collided with the rear of their car at the Hazen street stop light on North Main street at 3:30 p. m. Sunday. She was taken to her home where her condition is not regarded as serious. Both cars were slightly damaged in the crash.

Car Sideswiped

A car driven by Alphonse Henry Marks, 63, of 235 Pearl street was slightly damaged when sideswiped by an unidentified car at the intersection of Kenton avenue and West Center street Monday night.

Cars driven by William T. Kane, 24, of Toledo and LeRoy F. Wick, 39, of 334 Cherry street collided in the 600 block of North Main street at 4:48 p. m. Monday night with slight damage resulting.

Cars driven by John Henry Oehler, 26, of near Marion and George M. Scheib, 56, of 315 South Prospect street collided at the intersection of Bellefontaine avenue and Cherry street at 2:44 p. m. Monday. Police report that both cars were slightly damaged.

Gus D. Vallass, 49, of Bucyrus was arrested by police at 12:11 a. m. Monday on North Main street on a charge of speeding. He posted a $25 bond for his appearance in municipal court today.

Pearl Ivan Foust, 25, of near Cardington was arrested by police at 2:28 a. m. Monday on charges of driving with insufficient brakes and speeding on Mt. Vernon avenue. He posted a $25 bond for his appearance in municipal court today.

CLEVELAND POLICE CLEAN UP COMICS

By The United Press

CLEVELAND, June 1—A drive to remove "objectionable" comic books from the city's newsstands was started today by police.

"The adolescent mind is not tuned to cope with suggestive literature," Chief of Police George J. Matowitz said. "Art for arts sake is all well and good in certain circles, but it is not for juvenile or weak minds."

He said he has assigned "as many men as deemed necessary" to investigate the situation.

"I have not received any complaints, but we're going to take action in anticipation of them," he said. The drive, Matowitz said, would be patterned after that recently conducted, "and very successfully," by Detroit police.

PASTORAL RULES CHANGED

By The Associated Press

SEATTLE, June 1—Retired and resigned pastors of the Presbyterian church of the U.S.A., and pastors-emeritus no longer will be allowed to function at weddings, funerals and baptisms unless invited by the minister of the church involved. A resolution containing these restrictions was approved late yesterday by delegates to the 10th general assembly of the church.

NAVY TO FORM NEW ELECTRONIC RESERVE

Meeting Called Here for 8 O'clock Wednesday Night.

A meeting has been called at the Marion Navy club headquarters at 142 West Church street for Wednesday at 8 p. m. for the purpose of organizing a naval reserve electronic unit here.

Lt. (j.g.) R. C. Roate, USNR, of the Naval District Headquarters, Great Lakes, Illinois, will conduct the meeting, explaining in detail the proposed unit for the city.

All Naval veterans as well as veterans of other branches of the service and non-veterans who are interested in the electronic and communication phases of reserve training are invited to attend.

Patrol To Announce Site of New Offices

An announcement is expected sometime tomorrow telling the location of the new home of the highway patrol in Marion. Corporal Tom Morgan is in Columbus today attending a meeting of corporals of the patrol and it is expected he will return tomorrow with the decision of the patrol general staff as to where the new barracks and headquarters of the patrol will be located.

A survey of over 13 local sites was made last Friday by Lt. A. L. Bouton of Columbus, patrol housing chief, and Sgt. E. H. Davey of Findlay, district housing officer for the patrol.

The results of their finding was returned to patrol headquarters in Columbus last Friday night and allowing for the delay caused by heavy statewide patrol activity over the long holiday weekend, a decision based on these findings is expected soon.

GAS HEATING RESTRICTIONS DO NOT EFFECT THE USE OR SALE OF GAS HOUSEHOLD APPLIANCES OTHER THAN SPACE HEATING

Since our announcement of the necessary continued restrictions against accepting additional gas space heating for the coming heating season, many customers have inquired as to how this affects other uses of gas.

Gas ranges, water heaters, refrigerators, laundry dryers and waste incinerators are not affected. Employed for their intended purposes, these appliances use no more gas on a zero day than on any average winter day. Thus, they do not create peak demands for gas on the zero days when heating gas is at a premium.

The average family can cook or refrigerate with gas for 60 days with approximately the same amount of gas needed to heat one home on one zero day. By like reasoning, water heating with gas can be accomplished for 48 days with this amount of gas.

The large majority of sales of gas ranges and water heaters goes to replace outmoded equipment. If the user does not increase his demands on the new appliance, he likely will save gas through its improved efficiency over the old.

Such appliances constitute what we call our "base load," with somewhat steady demands for gas the year 'round. It is this year 'round use of gas that helps hold down the cost, and offers supporting reasons for our contracting huge additional amounts of gas for the years ahead.

Furthermore, the gas heating restrictions do not affect the sale of replacement gas space heating equipment, providing the new equipment does not exceed the capacity of the equipment replaced. Modernization of old gas space heating equipment often gives better heating service with a reduction in amount of gas used.

One of the purposes of the recent continued restrictions in the use of gas space heating was to protect the service to those who depend on gas for general household purposes, as well as those already using gas for space heating. The relatively small additions in gas supply in the picture for next winter should offer improvements in service over last winter even with the same severity of weather.

SMITH SPEAKS AT MEMORIAL

Legislator Delivers Address at Union Cemetery in Hancock County.

Cong. Frederick C. Smith of Marion, speaking at the annual Memorial Day services at Union County cemetery in Big Lick township, Hancock county, yesterday afternoon told an audience of several hundred that "we are assembled in commemoration of our Veteran heroes, the men and women who placed their lives between our homeland and powers which sought to destroy it, and who now sleep in the dreamless dust." He asked that "we may be blessed with the strength and courage to preserve the great heritage vouchsafed us by those brave soldiers" and to renew our faith in the Constitution.

Reviewing the "prophetic warning signals" to the nation in Washington's farewell address, Cong. Smith said "Little did Washington think that the government which he was so instrumental in founding would within about a century and a half become involved in the political and economic rivalries of most of the other nations of the world. He gravely warned us against the insidious wiles of foreign influence and admonished us that the jealousy of free people ought to be constantly on guard.

"Above all" the congressman said, "Washington warned us against entangling ourselves in foreign alliances but see how completely this nation of ours has become involved in the quarrels between so many European and and other countries".

"Look also and see what is happening to the three branches of government — executive, legislative and judicial. The framers of the Constitution intended that each of these departments should be kept separate from each other and should serve as checks in order to keep one from overpowering the other and ultimately resulting in all being consolidated into one". "Is that not precisely what is happening", the congressman asked. "It" is no secret that the executive branch is now largely dominating both the legislative and the judicial branches".

Referring to Washington's warning to "cherish public credit and use it as sparingly as possible", Mr. Smith asked "Have we kept the faith?" In reply he said, "I don't think we have when one stops and realizes that Hancock county's share of the national debt amounts to "roundly $100 million.

A concert by the VFW band from Fostoria preceded Congressman Smith's address and the program was arranged this year by the World War II veterans of Alvada and Big Lick township, Hancock county.

FLUID CAUSES BURNS

By The Associated Press

CLEVELAND, June 1 — His clothing ablaze, a 15-year-old boy was saved from possibly fatal burns yesterday when his stepfather rolled him in grass and extinguished the flames. The youth, George Cole, was in serious condition in a hospital today with burns covering more than a third of his body. His stepfather, Joseph Yezzo, said the fire started when the boy spilled lighter fluid on his clothing and then attempted to light a cigaret.

CRESTLINE SENIORS TOUR WASHINGTON

Special to The Star

CRESTLINE, June 1—Twenty-two seniors and their sponsors, Mrs. Cora Cover and Moulton DeWalt left for their Washington tour on a Pennsylvania train at 9:27 p. m. Monday, arriving in the Capital early Tuesday. Today they are to see the interior of the Smithsonian Institute, bureau of printing and engraving building, Pan American union, the White House, Capitol, Federal Bureau of Investigation, Natural History museum, and the Washington monument. Tomorrow they will visit Arlington National cemetery, Alexandria, Va., and Mt. Vernon, the National airport, National Zoological park, and the Washington cathedral.

An evening trip has been planned also for Wednesday, either to the Congressional library and the Lincoln Memorial, or to Glen Echo park. The seniors also plan to meet Congressman Frederick C. Smith of Marion, and hope to be photographed with him.

A bus trip to Annapolis is planned for Thursday, if it can be arranged so that the group can get back the same day in time to take a 4:30 p. m. train arriving back home June 4, Friday at 4:30 a. m.

The seniors are staying at the Senate hotel while they are in Washington, First and D streets, just two blocks from the Capitol. In the party are Jean Rhodes, Dorothy Weaver, Paul Winemiller, Carl Biglin, Charles Burkhart, Jackie Miller, John Boals, Elizabeth Haller, Virginia Smith, Shirley Horton, Helen Tyrill, Junior Kindinger, Dorothy Gosser, Harry Arter, John Garverick, Ruth Simmermacher, Loran Alexander, John Smarto, Edward Garverick, Billy Bletz, Edna Warner, and Jack Sawyer.

Roving Reports

By Hal Boyle

NEW YORK

IF WAR comes tomorrow it will only be more of the same old bloody business battle has always been.

This is pointed up by a primer for total war put out by the defense department's munitions board in Washington.

Should a third world war break out in the immediate future, there could be no reliance on "push button" weapons. You have to have more than a button to win a push button war, and that's all we've got today.

Hal Boyle

No other country has more than the button either. Beyond the button all is design and experiment.

The plain truth is that if war broke out overnight we'd have to fight it pretty much on the basis of the last war. Certainly at the start, that is.

The report of the munitions board emphasizes that another war would require immediate and complete mobilization of national resources, industry and manpower.

Few people in the United States realize what this means. It means absolute and entire devotion of every ounce of the nation's energy toward one aim—support of the armed forces.

It means that war will begin at your own front door, figuratively if not literally. It means war on a 24-hour-a-day basis for everybody.

Only on such a basis could America defeat the only possible present enemy—Russia.

OVER-CONFIDENCE is the greatest enemy of any nation. Optimism thrives at the rear headquarters and on the home front. An enlightened pessimism always rules the courageous men on the actual battlefield. They face and fight the enemy, and they know his worth.

It never pays to underestimate a foe. That is the lesson taught by the two American retreats in the European theater in the Second World War—Kasserine Gap in Africa, the Battle of the Bulge in Belgium. I know because I had to run from both places.

In neither of these cases were the men at the front to blame. They knew and said the enemy against them was still strong. The miscalculation was made by generals far behind the lines who weren't being shot at.

OUR SEMI-REMOTENESS from possible foreign foes isn't an advantage. It's our biggest disadvantage. There is only one good place to fight a war—on the other fellow's soil. To do that you have to get there.

And for all the developments that have taken place in the theory of warfare, there is nothing to indicate that a vast foe such as Russia could be knocked out by anything short of a gigantic expeditionary force.

This would require every man, ship, gun, airplane and guided missile the American nation could summon in an uttermost test of its strength.

It is folly to rely alone on our airpower. For all the tremendous bombing raids by Britain and America, the German nation continued to build up its productive power to 1944. If this concentrated bombing couldn't quell a country of 225,256 square miles and 80,000,000 population, could it subdue a land of 8,473,444 square miles and 211,384,985 home-based people?

THERE IS A TENDENCY to forget that in the conquest of Germany the Russians threw in from two to three ground soldiers against the Nazis for every one put in by the allies. Yet Germany crumbled only when its earth was fought over and taken by the allies in foot-by-foot struggles.

So only would Russia or our own country cave in—within the foreseeable future. To throttle Soviet Russia or any other big power we'd have to grab her by the throat where she lives. And that would take every doughboy in good or bad health, we could put in uniform. It would also require every gun, tank, plane and ship we could build.

There is no push button war on the horizon yet. War today against a major foe would be not only total. It would have to be utter. No other way could victory be gained.

Rev. Probst Offers Green Camp Tribute

Special to The Star

GREEN CAMP, June 1—An address by Rev. Merlin Probst of Galion featured the Memorial day services in Green Camp Sunday. A parade forming at the bandstand proceeded to Mt. Olive cemetery, west of here, for prayer by A. E. Haberman and decorating graves.

The group then returned to the local cemetery to decorate graves and for the speaking program. Band music was furnished by the school band. Norman C. Roettger offered prayer at the local cemetery.

Your Good Health

By DR. HERMAN N. BUNDESEN

Carrying Baby to Full Term

Some women seem to have repeated miscarriages. Just why many of them are unable to carry a child to full term has not been definitely determined, but in some cases their failure is thought to be due to some disturbance of the glands of internal secretion, such as the pituitary gland or the thyroid gland.

The successful treatment of a number of women with this type of disorder has been reported. Three glandular extracts were used, one coming from the pituitary gland located at the base of the brain, the second known as corpus luteum coming from the ovary, and the third, estrogen, also from the ovaries.

The women treated had had from one to three early births. The treatment was started just as soon as it was definitely determined that the women were pregnant.

The extract from the pituitary gland was given three times a week in fairly large dosage for the first 3½ months, and then the dosage was reduced and continued for 3½ months more.

The corpus luteum was given three times a week for the first 4½ months, and then twice a week until eight months had elapsed.

The estrogens were given daily.

As a result of this treatment, all 27 of the women were able to go through the full term of pregnancy. There was some bleeding, however, even during treatment in some cases.

It is not thought that this form of treatment is a preventive for all early births, but it did work quite satisfactorily in all the cases in which it was used. The babies were all normal. The birth of the baby did not occur earlier than ten days after the injections were stopped, and in most instances there was an interval of about three weeks.

In explaining the effect of this treatment, it is pointed out that during the early months of pregnancy a certain secretion is produced by the pituitary gland. This secretion is thought to stimulate the firm attachment of the placenta—the structure through which the child receives nourishment—to the wall of the uterus. At any rate, the amount of pituitary secretion falls off about the time the placenta normally becomes firmly attached—that is, during the third or fourth month of pregnancy.

Furthermore, the corpus luteum located in the ovary also gradually disappears during the first three months of pregnancy and the secretions which it usually makes are thereafter produced by the placenta or afterbirth. Thus, where there is a lack of pituitary secretion, the afterbirth is not firmly planted in the womb and does not form its own necessary secretions properly. Both of these conditions tend to bring about its too early separation from the womb. When the needed substances are supplied, this tendency, and with it, the tendency to miscarriage, are overcome.

Questions and Answers

C.M.B.: Is there any cure or relief for bursitis of the shoulder?

Answer: Bursitis is inflammation in the sac containing fluid which is located over one of the joints.

The use of heat, such as infrared lamp or diathermy, may be helpful. In some cases an operation is necessary, depending upon whether or not calcium or like deposits have occurred in the bursa.

Fire, Blasts Destroy University Laboratories

By The Associated Press

PITTSBURGH, June 1—A blaze and series of explosions destroyed the chemical engineering laboratories of the University of Pittsburgh yesterday, causing damage estimated by Fire Chief William Davis at $500,000.

Firemen were hampered by several blasts of gasoline, dynamite and other material fed the flames. Cause of the blaze was not determined immediately.

Davis said at least nine explosions were caused by dynamite and 10 were caused by gasoline tanks.

Weekend Wins Boost Marion to Third Place in Ohio-Indiana League

Cubs To Meet Leading Giants In Two Games at Springfield

By BILL DIEM

The Marion Cubs stood in third place in the Ohio-Indiana league today four and one-half games behind the leading Springfield Giants.

The Cubs pulled up to third at the expense of the Lima Terriers, whom they defeated four out of five games over the Memorial Day weekend.

The Cubs beat Lima, 11 to 3, at Lincoln Park yesterday afternoon and then shaded them 9 to 8, at Halloran Park in Lima. They had won Sunday night, 5 to 4, giving them their longest win streak of the season—three in a row.

Marion will meet the league leaders at Springfield tonight, and will meet the Giants again Wednesday night and the Athletics at Portsmouth Thursday and Friday before returning home for the Harding and St. Mary Senior clubs benefit game with Portsmouth here Saturday night.

Cub Uprising In 6th Brings 11-3 Win

Pitcher Nick Alivojvodic gave the Lima Terriers ten scattered hits but only three runs yesterday afternoon as the Marion Cubs won their third game in the four-game weekend series here, 11 to 3.

A Decoration Day crowd of 733 saw the Cubs come from behind in the sixth inning with a five-run uprising that chased starter Joe Pingle from the mound.

Up until then, Pingle enjoyed a 3-2 lead, but his control gave out and he filled the bases with two walks and a single. A third walk brought in the tying run, and then, as the Lima infield played in close, Alivojvodic smashed out a hot grounder shortstop Joe Frisina couldn't handle and two more runners scored.

Don Schmitt stole home with the fourth run and Lee Bohlander's single plated Alivojvodic.

The Cubs touched relief pitcher Burt Smith for two hits in the seventh and two sacrifices and a balk brought the Cubs two more runs. In the eighth, they reached him for four hits and two runs.

Brilliant play by shortstop Pete Schnepf held a Lima uprising to two runs in the sixth innings. With one run in, a man out and the bases loaded, he fielded Allan Willoughby's blow, tossing backhanded to Mislovich at second for a forceout as a second runner scored. Then with a double steal in the making, he took Manager Bekeza's throw at second, and immediately threw back home to nip the runner at home.

The win was Alivojvodic's sixth against four losses. He was credited with Marion's 5-4 victory over Lima Sunday night when he pitched two relief innings.

Neukirch Sparks Sunday's 5-4 Win

Pete Neukirch, the outfielder who was sent to the Marion Cubs Sunday afternoon by the Sioux Falls, S. D., Cubs of the class C Northern league, drove in the tying run against the Lima Terriers with a triple in the last of the ninth, and then crossed the plate on a wild pitch to give the Cubs a 5-4 win here Sunday night.

Neukirch rapped a single, double and triple in four trips in leading the Cubs' 13-hit attack on pitcher Roy Pope, who went the distance for the Terriers.

He also scored two of the Marion runs and made four putouts at centerfield, one of which could be called nothing short of sensational as he robbed Chet Ashman of a double that would undoubtedly have scored Lima's Carl Rausher, on first by way of a walk, in the third inning.

His three-base blast to right field and subsequent score was the third time charm for the Cubs, who had twice previously failed to move ahead when to do so was in their grasp.

The Terriers, blanked until the sixth inning, had jumped on starter Bill Burgermeister for three hits—a double by Carl Rausher, single by Chet Ashman, and triple by Elmo Welp—and three runs in the sixth to take a 3-1 lead, but Marion tied up the ball game, and almost went ahead, in the bottom of the seventh.

Don Schmitt singled to open that frame, Pete Schnepf struck out, and Lou Castrovince, pinch hitting for Burgermeister, poked a double to right field, plating Schmitt, but he was tagged out over-running second, and thus was not around to score when Neukirch doubled to right. Neukirch came home on a single by Tony Mislovich, tying up the game.

Chance No. 2 came in the Cubs' eighth, and again it was thwarted by a pick-off at second. With two away, Ken Ostrander singled and moved to third on Schmitt's safety, and the two of them launched a double steal. Schmitt drew catcher Bob Graham's throw to Joe Frisina, covering second, and Ostrander started for home. Frisina dropped the ball and, seeing that, Schmitt started for third, but Frisina recovered in time to tag him out, and the plate umpire Kolach, who had at first motioned Ostrander safe at home, later changed his decision, declaring that the out had been made before the runner crossed the plate. The melee of Lima players that had surrounded him on his first decision went back to the bench, and Marion took over. The ensuing argument lasted some five minutes.

Marion Staves Off Rally To Win at Lima

LIMA, O., June 1 — Marion staved off a ninth-inning Lima rally to edge the Terriers, 9-8, here last night and sweep the holiday twin bill.

Bob Huddleston's fourth hit drove in Omir Rock who had walked and gone to second when pinch-hitter Joe Frisina was hit by a pitched ball. Carl Raucher, who had drawn five straight walks, flied out to Bolduc to end the game.

Lima got one in the first on Huddleston's infield hit, walk to Raucher and Schnepf's boot of Welp's grounder.

Marion tied it in the third on a single by Mislovich, fielder's choice and single by Bekeza.

A walk to Neukirch, Ostrander's single, a force out on which Neukirch tallied, and Edgar's homer gave Marion a 4-1 lead in the fourth.

Lima went ahead in the fifth on a single by relief hurler Bill Bohne—who took over for Glenn Flory in the top of the fifth and kept Marion from scoring with the bases loaded and one out—walks to Raucher and Chet Ashman and Gene Holder's homer over the left field wall.

The Terriers made it 6-4 in the sixth on a walk, fielder's choice, stolen base and Huddleston's single.

Marion got four runs in the seventh on a walk to Shuford, singles by Bolduc, Neukirch, Ostrander and Schnepf and an infield out.

Trailing 8-6 the Terriers got one in the seventh on two walks, a hit batter and infield out.

The Cubs' winning run in the eighth came on Bekeza's one-

REDLEGS TUMBLE CARDS FROM LEAD

By The Associated Press

CINCINNATI, June 1 — Cincinnati's Reds rested today from a week of struggles that saw them rise from the cellar to sixth place by virtue of five successive victories, including two that toppled St. Louis from the league lead.

The giant killing act came yesterday as the Reds clipped the Cards 4-3 and 7-0 in a doubleheader.

Kenny Raffensberger pitched a one-hit shutout, missing the no-hitter because of Nippy Jones' line single over second base in the eighth. Howard Fox went the route in the first game, scattering five hits among the Cards, and Hank Sauer came through with a home run blow that broke a tie and won the game.

Sauer's homer hit the roof of a one and one-half story building across a street from the Crosley Field's left field fence.

Augie Galan smashed a three-run homer across the right field fence, and big Teddy Kluszewski sent another ball over the same fence with one aboard.

Howie Schultz, the six-foot seven-inch first baseman purchased from the Phillies, surprised many in a crowd of 24,009. The skyscraper's second base steal led to a first game tally.

The homers pushed the Reds total for the year to 33, with 12 of them added in the last four days.

SPRINGFIELD, MUNCIE LEAD O-I LEAGUE

By The Associated Press

Springfield or Muncie had the Ohio-Indiana baseball league lead today depending on how you looked at things.

On the basis of percentage points—which is where they pay off in the final reckoning—the Giants had a .690 to .688 edge over Muncie. But the Reds held a half-game margin on the basis of 22 wins and 10 defeats. Springfield won 20 out of 29.

Muncie took two games from last-place Richmond yesterday, extending the Braves losing streak to eight. The scores were 4-2 and 5-2. Springfield notched its 10th in a row in the opener at Portsmouth, 14-4, but lost the seven?inning nightcap, 8-7.

Zanesville and Marion also swept double headers. Marion took over undisputed possession of third place by beating Lima, 11-3 and 9-8. Zanesville went into fourth, a half-game ahead of Portsmouth, by clipping seventh-place Newark, 4-1 and 6-3.

Mauri Rose Sets New Record In Winning Indianapolis Race

By The Associated Press

INDIANAPOLIS, June 1—Fighting off challenges all the way, Mauri Rose of South Bend, Ind. yesterday won the speediest 500-mile automobile race since the Indianapolis Motor Speedway's first Memorial Day feature in 1911.

Rose crossed the finish line with an average of 119.813 miles an hour for his third speedway victory and his second in a row.

Right behind the wiry little Hoosier were his hard luck teammate, Bill Holland, Reading, Pa., at 119.147; Duke Nalon, Los Angles, 118.034, and Ted Horn, Paterson, N. J., 117.844.

All four of those times were better than the previous record of 117.2 miles an hour, set 10 years ago by the late Floyd Roberts.

It seemed to be a record crowd as well as a record race. Although the Speedway management never discloses attendance figures, the crowd appeared to be between 150,000 and 200,000.

Drivers had to fight off challenges from behind all the way and any one of the first four finishers could have won with a few breaks. Rose got them.

Last year Holland led most of the race and surrendered the victory to Rose.

Holland had bad luck again yesterday. He was running strongly near the end when his transmission began kicking out of gear. Duke Nalon also was coming up fast in the Novi Grooved Piston Special when he had to make a pit stop for fuel.

Nalon and Horn both made two pit stops — one apiece for Rose and Holland, and that was the difference at the finish. Horn nevertheless remained the most consistent driver who ever rode the Indianapolis bricks. It was the ninth straight race in which he had placed fourth or better, although he has never won. He drove Wilbur Shaw's old Maserati, now owned by H. C. (Cotton) Henning, which apparently was unharmed by a mysterious pre-race sabotage attempt.

Mack Hellings, Burbank, Calif., won fifth money in the new Don Lee Kurtis-Kraft. The other Don Lee entry, a pre-war Mercedes, was a disappointment for the second time. Chet Miller, Glendale, Calif., had to pull the German car off the track at 108 laps with oil line trouble.

Country Club Golfers Play Tombstone Tourney

Decoration Day golf at the Country club course featured a "tombstone tournament," pro Bill Alves said today. It consisted of 72 par plus handicap.

In class A competition Robert McKeever took winner's laurels, ending two-and-a-half-feet from the cup on the 20th green. Sherman Haldeman won in B competition when he holed-out on 20, and Dr. R. L. Morgan Jr. holed-out on number 19 to win in class C.

Playing in the afternoon in a mixed foursome, 9-hole low aggregate tournament, the winners were Mrs. Charles Gerber and Paul Fry with a net 73. Next ranking were Mrs. Newton Minard and John Rife with 74, Mrs. John Rife and John Dugan with 76, and Mrs. Paul Hunt and Maurice Cornell with 76.

Robert McKeever shot the lowest gross score of the weekend in diggin' 76. John Smith is extremely happy today, having shot 18 holes in 90 for his all-time low.

29 Golfers Tee Off In Sectional Tourney

By The Associated Press

CINCINNATI, June 1—Three of last year's qualifiers were among 29 golfers teeing off today in the National Open's sectional qualifier at Cincinnati Country Club course.

The 1947 qualifiers entered today were Jack Wood II, Cincinnati amateur; Bill Kaiser, Louisville pro, and Don Fischesser, Connersville, Ind., pro.

The three lowest scores for 36 holes of medal play will be eligible for the national meet at Los Angeles June 10-12.

INDIANS SPLIT WITH ST. LOUIS

By The Associated Press

CLEVELAND, O., June 1 — Manager Lou Boudreau predicted this spring that his Cleveland Indians would be in the thick of the pennant chase if they could "beat the brains out of the second division clubs and break even with the contenders."

Had the Indians done that yesterday they would be back in first place today.

The Tribesmen got off to a good start in their holiday twin bill with the St. Louis Browns by turning in an 8 to 3 victory, but they didn't seem like the same club in the nightcap as the Browns' Cliff Fannin shut them out with four hits for a 6 to 0 win.

The split left the Indians just where they were before the day's activities — a full game behind the pace-setting Philadelphia Athletics. The A's also broke even in their double header with the Boston Red Sox.

The Indians iced the first game with a five-run spree in the sixth inning. Catcher Jim Hegan started the fireworks when he led off with a homer into the lower left field stands. Boudreau accounted for the four tallies when he clouted a grand slam homer a few minutes later.

Fannin held the Indians completely at bay in the nightcap, while the Browns drove ex-teammate Bob Muncrief from the mound in the third with a three-run uprising. Catcher Less Moss started Muncrief's downfall in the second inning when he lifted a homer over the left center field fence with none on.

3,780 SEE MIDGETS AT UPPER SANDUSKY

Midget auto racing fans from all over northwestern Ohio and southern Michigan converged yesterday, 3,780 strong, on Upper Sandusky fairgrounds to witness the 1948 opening of the "galloping doodle-bug" season in this district.

After the start of the first elimination race action was not long in coming. With the track a dust bowl from the time trials, the first heat came roaring out of the three quarter turn on the first lap when blinded by the dust of the cars ahead, Bill Clifton of Detroit slowed up his car Danny Kosbowski, also of Detroit, tried to pass him.

Kosbowski came roaring through the dust storm and climbed the rear of Cliftons car throwing him into a dangerous end over end spin and through the infield fence. He was rushed to Bucyrus City hospital where he was treated for shock, brush burns, and examined for suspected back injuries.

The first lap was called a race under Great Lakes Racing Association rules. Cecil Clees of Hazel Park, Mich. placed first and Bill Walters of Toledo placed second.

Four other elimination races went off without mishap.

The five lap warm-up was taken by Jesse Crumley, of Birmingham, Ala. with Frank Canale of Toledo second by five lengths.

The 12 lap main event was taken by Cecil Clees of Hazel Park, Mich. with an easy five length lead over Barney Barnes of Youngstown. Both Clees and Barnes had a 10-length on the field the whole distance.

Cliff Nalon, of Chicago, did not shine as brightly at Upper yesterday as his brother Duke did at Indianapolis. Duke placed third in the Indianapolis 500 but the best Cliff could do was seventh in the consolation warm-up event at Upper.

Hard luck pilot of the day was Bill Wall, Canadian champion from Windsor, Ont. who dogged by motor trouble all day wound up by spinning out of competition on the half way turn in the first dap of the nine car consolation event.

Record Crowd Turns Out For Memorial Day Baseball Games

By The Associated Press

Memorial Day, 1948, which produced the greatest single day turnout ever witnessed in the major leagues, will be remembered by baseball fans for a long time, but it will bring only poignant memories to followers of the St. Louis Cardinals.

Only a comparative handful — 24,009 persons — of the record paid admissions of 337,776 were on hand in Cincinnati to see the lowly Reds inflict two decisive defeats upon the slump-ridden Redbirds that knocked the Cards out of first place in the National league.

The scores were 4-3 and 7-0. The defeats were the fourth and fifth straight suffered by the Cards.

Giants New Leaders

The new occupants of the top berth are the New York Giants, who assumed a half-game lead over the Cards by earning a split in their double header with the Dodgers in Brooklyn. The Giants bowed, 4-3, in the morning game, but came back strong to win the afternoon game, 10-1.

The Philadelphia Athletics bounced first out and then back into the lead in the tight American league race by dividing a doubleheader with the Boston Red Sox before 24,838 hometown rooters. After Joe Dobson of the Red Sox had blanked them, 7-0, on four hits, the A's came back to win the second, 2-1, to retain their game lead over the Cleveland Indians.

Manager Lou Boudreau's grand slam home run helped the Indians defeat the St. Louis Browns, 8-3, in the first game to put the Tribe into temporary possession of first place. The huge crowd of 48,961 Cleveland rooters was doomed to disappointment, however, when the Browns came back to win the second game.

Yanks Win Twice

The New York Yankees defeated the Washington Senators in both ends of a double header, 10-0 and 5-4, before 62,626 fans at Yankee Stadium.

Detroit's biggest crowd of the year—55,875 fans—saw the Tigers divide a doubleheader with the Chicago White Sox. Scoring four runs in the first two innings, The Tigers won the opener, 5-4. The Sox belted four pitchers for 15 hits to win the second game, 9-3.

The largest attendance in the history of the Chicago club—40,-965 — saw the Cubs and Pittsburgh Pirates split a twin bill. The Cubs won the opener, 4-3 and the Pirates took a 4-2 second game and left the third place only one game behind the front-running Giants.

After losing the opener to Philadelphia, 6-3, the Boston Braves sent the home crowd of 17,400 home happy by whipping the Phillies, 10-4, to snap a four-game losing streak.

MILWAUKEE, TOLEDO WIN DOUBLEHEADERS

By The Associated Press

Milwaukee and Toledo were the only American Association clubs to sweep holiday doubleheaders, and the wins had considerable bearing on the pennant scramble.

Milwaukee pasted Kansas City 10-6 and 5-2 to vault into third place, only ½ game behind Columbus which was jolted twice by the Mud Hens.

Indianapolis split with Louisville but boosted its league lead to 3½ games over the second place Red Birds.

Toledo pleased home customers by slapping down the high-flying Red Birds 8-2 and 7-4.

Louisville, after taking three straight beatings by Indianapolis, broke the spell by winning the nightcap 4-1. The Tribe took the starter 6-0 on Jack Hallett's four-hitter.

Phil Haugstad pitched St. Paul to an 11-6 win over Minneapolis in a morning game, but the Millers captured the afternoon contest 8-6 on Ben Warren's grand slam homer in a five-run third inning rally.

U. S. AGAIN PRODS FOR SOVIET REPLY

By The Associated Press

WASHINGTON, June 1 — The United States prodded Russia a third time today for a new reply to the American-British-French proposal to return the free territory of Trieste to Italy.

The state department said in a note delivered to the Russian embassy that the problem requires a "very early resolution."

State department press officer Michael McDermott told reporters he understood the British and French governments are sending similar notes to the Soviet government.

Russia never has rejected the principle of returning Trieste to Italy. But it has objected to amending the Italian peace treaty as suggested by the three western powers. The Soviets claim this would constitute a "private conference" which is unacceptable to Moscow.

About 87 per cent of U.S. households include only single individuals or parents and children without other relatives.

A BRIGHTER FUTURE. Victim of a bizarre accident, Janet Brock, 8, smiles happily as she leaves Shriners' Hospital, Springfield, Mass., with a new artificial leg. Mothers Want War Nurseries Continued

By The United Press

DETROIT—Mothers who had to have a place to park junior while they worked in war-time defense plants, still find it a boon to get the same service a few hours a day.

Detroit's welfare department founded 12 nursery schools for defense plant workers as an emergency war measure. The department feels the emergency is over and wants to close the schools, but the mothers are fighting the move.

SAYS NBC HEADS DICTATED "VOICE"

By The Associated Press

WASHINGTON, June 1 —Rene Borgia told senators today at least half a dozen NBC officials were thoroughly familiar with the "Voice of America" broadcasts which have aroused a storm in congress.

Borgia, who wrote scripts for many of the broadcasts, said "it is not true" they "slipped through" without knowledge of NBC officials.

On the contrary, he said, he objected often to putting in "cheap comedy" but was ordered to write them as he did.

Borgia testified at joint hearings by subcommittees of the senate foreign relations and expenditures committees. The investigation was started after the senators learned last week the broadcasts told the world such things as "New England was founded by hypocrisy and Texas by sin."

The series of radio programs, called "Know North America," was broadcast by NBC last winter under contract with the state department. They were Spanish language broadcasts beamed to Latin-America.

Borgia, a 52-year-old Venezuelan citizen, told the senate committee that NBC officials told him to write the scripts the way they wanted them or to look for another job.

He commented that the persons who were his superiors had "a lack of culture," and his immediate supervisor, Alberto Gandero, was "just an announcer or something—not very intellectual."

Borgia said he told his superiors the scripts should be "beautiful" and that "cheap comedy was out of place entirely in the show."

But he declared the broadcasts "were not offensive" in the Latin American countreis.

Two Plead Innocent To Liquor Charges

Dan Tyler, 57, of near Marion and Clyde Richard Warner, 43, of 711 Hoyle street both entered not guilty pleas this morning in municipal court to charges of illegal sale of intoxicants and having open flasks in public places filed by state agents and city police after two raids Sunday night.

Tyler is free under $500 bond and trial of his case has been set by Judge Hazen for June 17.

Warner still remains in city prison despite a reduction of his bond from $500 to $200 by the court. No date has been set for his trial.

OHIOAN DIES IN STEEL PIT

By International News Service

MANSFIELD, O., June 1 — Nicholas Sholaya, 59, was killed late yesterday when he fell into a "soaking pit" at the Empire Steel plant at Mansfield. Company officials said the pit is heated to a temperature of 2,300 degrees. Sholaya had been employed by the company more than 20 years. Funeral services will be held Thursday.

AT ODDS WITH REDS. Colonel Frank Howley (above) American commander for Berlin, has charged that the Russians are employing 16 German police officials and other workers with criminal records in the Soviet occupied zone. Howley presented the men's police records to the Russian commander, Maj. Gen. Alexander Koikov, in Berlin.

OPPOSES RED BILL. Appearing before the Senate Judiciary Committee in Washington, Rep. Vito Marcantonio (ALP-N.Y.) denied that he was following the "Communist line" in opposing the Mundt-Nixon bill. He stated that Communists in the U. S. "definitely are not under the influence of Moscow."

SAYS LIFE POSSIBLE IN ANTARCTIC AREA

By DAN L. THRAPP

United Press Staff Correspondent

LONDON — Man, who gets around more than any other mammal, peopled every continent except the Antarctic.

According to British polar experts, he could have settled there if he had found a way to cross the vast ocean distances surrounding that continent.

Compared to the Antarctic, the Arctic is a heavily populated area, teeming with life. On the Arctic coast of America, more than 7,000 Eskimos live reasonably comfortable and happy lives.

Siberia has 1,200 Eskimos and at least 12,000 natives of other races who live on the shores of the Arctic Ocean. Greenland and Labrador also are peopled.

But no strictly land mammals live in the Antarctic at all. There are no polar bears, no wolves or foxes, and no man. Birds, penguins and gulls abound and in the waters offshore are many whales, seals and other sea animals.

A reasonably vigorous, intelligent and able tribe of men could live the year around in the Antarctic, getting their food from the shoreline, their clothing from sea animals and their shelter from the snow and ice, according to British sources.

Commander R. W. Bingham, leader and member of several British Antarctic expeditions, told the United Press:

"When we were in the south polar regions we had fresh food the year around. During the warmer months we practically lived on seal meat. Then, of course, there always were penguin and seagull eggs, which aren't bad.

"We found we could keep the eggs fresh through the winter by putting them in 'warm storage'—warm, that is, compared to the sub-zero temperatures outside. We would open a flour barrel and bury the eggs in it. They remained quite fresh and tasty."

YORK, June 1—The market looked for a direction without much luck today. Changes, where they occurred at all, were mainly fractional.

Turnover immediately after the opening gong was fairly active but numerous blocks of 1,000 or more shares changed hands. In an hour, though, volume tapered off.

ATTENTION PARENTS
Parents of 5th grade and older children.
The public schools offer music lessons to any child who has an instrument.
If your child has shown interest toward wanting to be a band member, you should investigate this wonderful opportunity. Hardesty Music Store is headquarters for school band instrument buyers for miles around. We have all kinds of instruments in stock to choose from. Actually over 225. We will be glad to show your child the different instruments, demonstrate them and help it decide.
If you are in doubt about your child's ability to learn a musical instrument, have no fear. Statistics prove well over 90% of all children who start in the school music bands continue. However for financial and other reasons we have a proven RENTAL plan to offer. WE WILL RENT ANY ONE OF OUR 15 INSTRUMENTS REGARDLESS OF PRICE IF THE RENTAL COST IS 10% OF THE COST OF THE INSTRUMENT, EVERY CENT OF RENTAL YOU PAY IS APPLICABLE TO THE PURCHASE PRICE. What can you lose? Give your youngster a trial
We also have dozens of used rebuilt instruments. NOTE: OUR USED INSTRUMENTS ARE REBUILT AND STERILIZED IN OUR OWN REPAIR SHOP. We do complete instrument repairing
We are exclusive dealers for C. G. Conn, King, Holton Buescher, Selmer, Olds, Frank Reynolds, Ludwig, Leedy, Slingerland, Deagan, etc

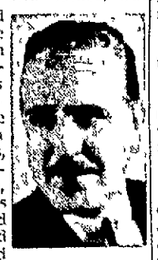
TODAY'S BIRTHDAY

By AP Newsfeatures

FRANK MORGAN, born June 1, 1890, had a rich father, but chose the hard way to become a stage, screen and radio comedian. His family, the Wuppermans, were makers of a popular bitters, but Frank's brother, Ralph, used "Morgan" as a stage name and Frank adopted it. He first had a vaudeville spot in his native New York, then joined the old Vitagraph pictures.



One Man's Opinion

By WALTER KIERNAN

Our reputation for generosity continues undiminished . . . The government has given the Onondaga Indians a yard-and-a-half of cloth to carry them through the next year.

* * *

Any Indian maid who was hoping for the New Look from Washington should have known that no Indian gets more than the old look.

* * *

The trouble with Indians is they're Indians.
